

ROCKY RIVER BOARD OF ZONING & BUILDING APPEALS

INSTRUCTIONS TO APPLICANTS

MEETINGS: 2nd Thursday of each month at 7:00 P.M. in Council Chambers of Rocky River City Hall.

DUE DATE FOR SUBMITTALS: 2 weeks (14 days) prior to the scheduled BZA meeting. Late or incomplete submittals will not be forwarded to the Board for inclusion on the upcoming agenda.

WHO MUST ATTEND: A representative, including the property owner, must be present at the BZA meeting for all variance requests.

APPLICATION FEE: Residential Variance - \$100.00 first variance + \$35.00 each additional variance
Commercial Variance - \$150.00 first variance + \$35.00 each additional variance request.

SUBMISSION REQUIREMENTS: Please provide 11 stapled sets of the following:

- 1) **Appropriate Building Permit Application** for your project. (i.e., Building Permit Application, Fence Permit Application, Accessory Permit Application, etc.); **Check representing Application Fee.**
- 2) **Fully completed Variance Application.** Begin with a written narrative describing exactly what project you would like to do and why it is necessary to do so. Please refer to the Typical Variance Sheet for guidance on which standard (Practical Difficulty **OR** Unnecessary Hardship) applies to your request – only complete questions under the appropriate heading.
- 3) **Detailed site drawing** – see attached example, showing all existing structures on the subject property, as well as structures on properties directly adjacent to the location of the subject of your variance request (i.e., line of neighbor's house, driveway and garage closest to the addition you are proposing). Proposed structures must also be shown on the site drawing, with dimensions and distances from property lines clearly labeled. **PLEASE STAKE THE PROPERTY TO SHOW FOOTPRINT OF ADDITIONS, SHEDS OR LOCATIONS OF A/C CONDENSERS, etc.** Site plan should show lot coverage by building calculation (existing and proposed).
- 4) **Elevation drawings** (for pergola, garage, addition or any exterior alteration). Show what all sides of the finished project will look like. Submit a photo example of proposed fences and sheds. Show height of structure on the elevations. Additions will require existing and proposed interior floor plans for the floors that are affected.
- 5) **Photographs** of your property and adjacent properties. Label each photo for clarity.
- 6) **Support letters** from surrounding property owners, if available.
- 7) **Any other information as may be requested** by the Building Department or Board Members.

All documentation or other information shall be delivered to:

Rocky River Board of Zoning & Building Appeals, City of Rocky River Building Department, 21012 Hilliard Blvd., Rocky River, Ohio 44116. Call 440-331-0600 ext. 2037 with questions.

(Applicants may not communicate with or present information relating to their variance request to any Board member directly. Communications must be submitted to the Building Department for delivery to the Board.)

I, (the owner/applicant) understand that upon the granting of my variance request from the BZA, a separate Permit Application fee will be due prior to the issuance of the Building Permit. I will not begin construction until the Building Permit has been issued.

Description of what is intended to be done:

Construction of a fenced enclosure for the dumpster used by the restaurant.

Sections of the Code from which variance is being requested:

1185.13 SCREENING OF ACCESSORY USES

List variances requested:

A 2' variance for the enclosure location relative to the south property line, given the
Development Code requires a 10' setback from the south property line.

Property Owner's Signature

Applicant/Representative's Signature

★ Please note that the Board members visit the subject property prior to each BZA meeting.

PRACTICAL DIFFICULTIES

ALL QUESTIONS REQUIRE A COMPLETE RESPONSE

R.R.C.O. 1133.17(c)(1). In order to grant an area variance, the following factors shall be considered and weighted by the Board of Appeals to determine practical difficulty:

- A.) Describe what special conditions and circumstances exist which are peculiar to the land or structure involved and which are not applicable generally to other land or structures in the same zoning district (i.e., exceptional irregularity, narrowness, shallowness or steepness of the lot; or proximity to non-conforming and inharmonious uses, structures or conditions).

Due to the unique layout of the property, there is no other location for the dumpster enclosure to exist that would not cause more impact on the surrounding properties and Lake Road. A 2ft ~~variance on the south property line is requested so that we can maintain a proper distance (10ft) —~~ away from the West property line (shared by private residences) while also not impacting traffic flow in our parking lot.

- B.) Explain whether the property in question will yield a reasonable return or whether there can be any beneficial use of the property without the variance (discuss use limitations without the variance).

Without obtaining the variance, we will not be able to build the dumpster enclosure and be in compliance with the city's trash screening laws.

- C.) Explain whether the variance is substantial and is the minimum necessary to make possible the reasonable use of the land or structures (demonstrate how much the variance request deviates from Code requirements, i.e., coverage is 1 or 2% above Code, or setback is 1 or 2 feet less than Code requirement).

The code requires a 10' setback from the south property line, but given the unique layout of the property, we are requesting a 2' setback from the south property line. Please note that there is nothing adjacent to the south property line, only a parking lot. We are still able to meet the setback requirements to the West, which is the property line shared with the residential properties.

- D.) Explain whether the essential character of the neighborhood would be substantially altered and whether adjoining properties would suffer substantial detriment as a result of the variance (discuss the increase of value, use, and aesthetic appeal for both your property and adjoining properties, together with any negative impact to adjoining properties).

N/A - the construction of the fencing enclosure would benefit neighboring properties, as we will be in compliance with appropriate trash screening code.

E.) Explain whether the variance would adversely affect the delivery of governmental services, such as water, sewer, or trash pickup.

It would not affect these services.

F.) Explain whether the property owner purchased the property with knowledge of the zoning restrictions.

N/A - the dumpster on the property to the east used to be shared but is no longer.

G.) Explain whether special conditions or circumstances exist as a result of actions of the owner.

N/A

H.) Explain whether the property owner's predicament feasibly can be obviated through some method other than a variance (why other means and methods of property improvements or enhancements would not suffice).

N/A - There is no other location on the property for the dumpster enclosure to exist.

I.) Explain whether the spirit and intent behind the zoning requirement would be observed and substantial justice done by granting a variance (discuss the positive impact of your improvement on your property and on the surrounding neighborhood).

Despite the variance, upon approval would allow us to be in compliance in regards to the City's dumpster enclosure requirements and allow us to screen our dumpster to avoid impact on our neighbors.

J.) Explain whether the granting of the variance requested will confer on the applicant any special privilege that is denied by this regulation to other lands, structures, or buildings in the same district.

N/A

K.) Explain whether a literal interpretation of the provisions of this Code would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this Code.

N/A

PLEASE NOTE: A separate Permit Application and fee will be due prior to issuance of the Building Permit. NO CONSTRUCTION IS TO BEGIN until the Building Permit has been issued.

Surveyor's Notes & Basis of Bearings:
This map was prepared without the benefit of a Title Report and is not intended to reflect all easements, encumbrances, or other items affecting the title to the property shown hereon. The deed for the subject parcel was not found on the Cuyahoga County Recorder's website (<https://cuyahoga.oh.publicsearch.us>). The property lines shown hereon are from a lot split and consolidation prepared by this surveyor in 2016.

The basis of bearings for this survey, as shown, is the centerline of Lake Road and is to an assumed meridian used to denote angles only. Distances are in feet and decimal parts thereof. Unless shown otherwise, measurements to monuments found are rectangular measurements from property lines, right-of-way lines, centerlines or other as appropriate. CIP set are 5/8" x 30" rebar with yellow cap stamped Straub Surveying PS#7055. References used are listed hereon. This map was prepared from a survey performed by me or under my direction in August 2025, and meets the requirements defined in Chapter 4733-37 of the Ohio Revised Code, *Minimum Standards for Boundary Surveys*. This map is not valid unless signed and stamped by Surveyor.

ACCEPTANCE OF PROPOSAL:

YOU, THE CONSUMER, MAY CANCEL THIS TRANSACTION AT ANY TIME PRIOR TO MIDNIGHT OF THE THIRD BUSINESS DAY AFTER THE DATE OF THIS TRANSACTION

The above prices, specifications and conditions are satisfactory and are hereby accepted. Payment will be made as outlined in this contract. All work is to be completed in a workmanlike manner according to standard practices. Any alteration or deviation from above specifications involving extra charges will be executed only upon written orders and will become an extra cost over and above the sale price. Cancellation of this contract after three business days will result in a 20% restocking fee. In the event of a default payment, Mae Fence may place the account with an agency and/or attorney for collection. Mae Fence may record and enforce a mechanic's lien against the property on which the project was installed in accordance with the Mechanic's Lien Act. Customer agrees to pay all fees and costs associated with default payments. Our employees are fully covered by workman's compensation insurance. Mae Fence reserves the right to refuse service, without liability, to anyone, for any reason.

Payment is due immediately following installation.

EXAMPLE MATERIAL ONLY

The above photo was provided by our fencing contractor, and it represents the style of material to be used for the dumpster enclosure and gate. The fencing will be 8' tall, 2' higher than the height of the dumpster we use. This material believes satisfies Section 1185.13 SCREENING OF ACCESSORY USES (subsection A.1) which states "*Such wall or fence shall be constructed of wood, brick, decorative concrete, split face block, or stone.*"

All specifications surrounding the fence are included in the above fencing proposal prepared by Mae Fencing.

Area of the proposed dumpster enclosure. The enclosure would be set 2' off the south property line which is represented by the curb closest to the building in this photo. The current location of the dumpster can be seen in this photo as well.

A wider view of the proposed dumpster enclosure demonstrates that no structures or uses are located along the south property line impacted by the requested variance, other than a shared parking area.

For illustrative purposes, the proposed enclosure will be located roughly in the orange outline in the above picture. The red arrows illustrate the 2' variance requested. The green arrows illustrate the 15' setback off the west property line, which we can comply with.

Bearden's Mitigating Efforts:

In addition to the proposed dumpster enclosure, **Bearden's has taken immediate and substantive action in response to the concerns raised by neighboring residents and committee members**, including the following measures:

- The removal of all nonessential equipment, debris, and picnic tables from the area designated for the proposed enclosure (see photographs attached below).
- The addition of a mandatory trash sweep along the rear property line and within the enclosure area to the Daily Closing checklist for onsite personnel.
- Communication to staff regarding smoking-related complaints, instructing them to conduct themselves in a manner that respects the rights and expectations of neighboring property owners.
- Direction to staff regarding improper parking of the white vehicle and any other employee vehicles in front of the restaurant, reiterating that parking in unauthorized spaces is strictly prohibited and will not be permitted going forward.
- Active coordination of the removal of the onsite food truck, which was towed off the property effective 12/22/2025.
- We are in active coordination with Waste Management to have them adjust the pick-up time of the dumpster to not occur between the hours of 9 PM and 7 AM.
 - Please see the attached Waste Management case.

Present: Susan Williamson, 1 Astor Pl.

Mrs. Williamson does not have the same concerns as Unit 3. She wanted to publicly say that they appreciate their willingness to do something about the trash issue. Mrs. Williamson said it has worked really well. There are no issues with what is being proposed.

Mr. Bishop moved to close the public hearing. Mr. Allen seconded.

Meeting minutes from the Planning Commission meeting on 10/28/25, where a neighbor of the properties on the west property line expressed support for our business, our efforts, and the proposed enclosure plans.

Owner Acknowledgment of Property Lines

Date; 5/20/25

I hereby acknowledge that the property line location is the sole responsibility of the property owner. The location of the fence on the plan will be measured from a point that the property owner deems as the property line. The City of Rocky River assumes no responsibility for errors related to property line location. If there is a question regarding a property line a professional land surveyor should be consulted to obtain a boundary survey.

The City of Rocky River does not determine property lines.
