Hi!! Here is the letter!!

Dear Rocky River BZA Members,

I have reviewed the proposal for the addition of a green roof and patio to the current garage of [20715 Morewood Parkway](#) and do not have any objections. I support their variance request.

Sincerely,

Allie Drouhard  
[20695 Morewood Pkwy, Rocky River, OH 44116](#)

To Whom It May Concern,

I am writing in support of the variance request for the Strauss' proposed green roof and patio installation at 20715 Morewood Pkwy.

I have reviewed the plans and am aware of the scope of the project. From what I understand, this is a well-considered improvement to an existing structure that will enhance the property without negatively impacting neighboring homes.

As the owner of the house next door, I have no concerns regarding the proposal. I believe it will be a positive addition to the neighborhood and appreciate the thoughtful design approach.

I fully support this request and hope it will be approved.

Sincerely,

Jessica McGreevey
