<ul style="list-style-type: none"> • Square footage 	<input checked="" type="checkbox"/>	(Area) Practical Difficulties
Air Conditioners and Generators: <i>(Complete HVAC Permit for A/C or Electrical Permit for Generators)</i>		
<ul style="list-style-type: none"> • In side yard <10' from property line or in front yard 	<input type="checkbox"/>	(Area) Practical Difficulties
Parking: <i>(Complete Building Permit Application)</i>		
<ul style="list-style-type: none"> • < the number of spaces required 	<input type="checkbox"/>	(Area) Practical Difficulties
<ul style="list-style-type: none"> • Setback from property line 	<input type="checkbox"/>	(Area) Practical Difficulties

PRACTICAL DIFFICULTIES

ALL QUESTIONS REQUIRE A COMPLETE RESPONSE

R.R.C.O. 1133.17(c)(1). In order to grant an area variance, the following factors shall be considered and weighted by the Board of Appeals to determine practical difficulty:

A.) Describe what special conditions and circumstances exist which are peculiar to the land or structure involved and which are not applicable generally to other land or structures in the same zoning district (i.e., exceptional irregularity, narrowness, shallowness or steepness of the lot; or proximity to non-conforming and inharmonious uses, structures or conditions).

The space for the structure is there, it just exceeds the square footage of city ordinance limits

B.) Explain whether the property in question will yield a reasonable return or whether there can be any beneficial use of the property without the variance (discuss use limitations without the variance).

The square foot of 250" or under will restrict the size of the structure making it difficult to use comfortably with standard size patio furniture

C.) Explain whether the variance is substantial and is the minimum necessary to make possible the reasonable use of the land or structures (demonstrate how much the variance request deviates from Code requirements, i.e., coverage is 1 or 2% above Code, or setback is 1 or 2 feet less than Code requirement).

Current code allows 250sqft. We are proposing a structure of 315sqft, which is approximately 26% more

D.) Explain whether the essential character of the neighborhood would be substantially altered and whether adjoining properties would suffer substantial detriment as a result of the variance (discuss the increase of value, use, and aesthetic appeal for both your property and adjoining properties, together with any negative impact to adjoining properties).

Nota at all, structure is in the back of the property and proper distance from property lines.

E.) Explain whether the variance would adversely affect the delivery of governmental services, such as water, sewer, or trash pickup.

No, it would not.

F.) Explain whether the property owner purchased the property with knowledge of the zoning restrictions.

No, they did not.

G.) Explain whether special conditions or circumstances exist as a result of actions of the owner.

No, there was no result of action.

H.) Explain whether the property owner's predicament feasibly can be obviated through some method other than a variance (why other means and methods of property improvements or enhancements would not suffice).

No, the only other option is to reduce size of the structure making it limited in use

I.) Explain whether the spirit and intent behind the zoning requirement would be observed and substantial justice done by granting a variance (discuss the positive impact of your improvement on your property and on the surrounding neighborhood).

This will enhance the property value as it is seen as usable outdoor living space

J.) Explain whether the granting of the variance requested will confer on the applicant any special privilege that is denied by this regulation to other lands, structures, or buildings in the same district.

No, it would not.

K.) Explain whether a literal interpretation of the provisions of this Code would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this Code.

It would deny the homeowners ability to utilize their outdoor space

PLEASE NOTE: A separate Permit Application and fee will be due prior to issuance of the Building Permit. NO CONSTRUCTION IS TO BEGIN until the Building Permit has been issued.
