2nd AMENDED ORDINANCE NO. 87-17

BY: JOHN B. SHEPHERD

AN ORDINANCE AMENDING CHAPTER 1153 CAPTIONED SINGLE FAMILY AND TWO FAMILY RESIDENTIAL DISTRICT REGULATIONS OF THE DEVELOPMENT CODE OF THE CODIFIED ORDINANCES OF THE CITY OF ROCKY RIVER, AND SPECIFICALLY SECTION 1153.03 ENTITLED USE REGULATIONS, SECTION 1153.09 ENTITLED HEIGHT REQUIREMENTS, SECTION 1153.13 ENTITLED PROJECTIONS INTO REQUIRED SETBACKS, AND SECTION 1153.15 ENTITLED ACCESSORY USES AND STRUCTURES, AS FURTHER DESCRIBED IN THE ATTACHED EXHIBIT "A"

3rd READING

Mr. Shepherd said that the rear yard lakefront setback section has been removed along with the side yard fences. Both of these items may come back in 2019 as freestanding ordinances. Council is waiting for recommendations from the Planning Commission regarding the rear yard lakefront setback. Mr. Shepherd said that the following is what remains in this ordinance and it has been approved and recommended by the Planning Commission. The height of accessory buildings and structures will not exceed ten feet, except the height of a detached garage shall not exceed twelve feet at the highest point for a flat roof and not exceed fifteen feet at the highest point of a pitched roof. Under 1153.13 has changed the term covered structures to roofed and shade structures such as pergolas. These are things that are attached to a house and cannot project into the minimum front, side or rear yard setback. Residents will need a zoning certificate (building permit) for attached decks less than three feet in height along with changes in dimensions on decks. On play structures the roof area cannot be greater than 50 square feet; side areas of play structures (slides, swings and similar play equipment) will not be included in the calculation for the total surface area and horizontal surfaces have been increased slightly from 100 feet (except for decks which can now go to 250 feet). For air conditioning units, the setback has been kept at 10 feet and two units are allowed in a side yard. The units need to be screened and baffled so as not to exceed 70 decibels noise level as measured at the lot line and generators are allowed on the side yard, baffled and screened like the air conditioner units.

Mr. Shepherd moved to 2nd Amend Ordinance No. 87-17 by substituting Exhibit A, dated December 11, 2018, seconded by Mr. Furry.
