Councilman Shepherd said this was discussed in depth at last week's meeting. This is a two-year project and the Special Meeting was called so this project can begin in a timely fashion. This is the repaving of Hilliard from Lakeview all the way to the Westlake border. The first section, Lakeview to River Oaks, will be completed this year with the County paying 80% of the paving. The second part, the City of Rocky River will pay for and will be completed next year. Traffic will be maintained in two directions at all times.

Mr. Shepherd took this opportunity to thank Director Costello and the contractors on Wooster Road for only a few delays he has experienced during that construction. Property owners and businesses are grateful.

The Hilliard project will have some full depth repairs and replacement as needed. Six bids were received and this was the low bid. The Mayor added that the city received close to \$1.6 million dollars from the County to assist with this paving. The Mayor said the city is very appreciative of the efforts of Director Costello along with County Councilwoman Baker who assisted the city in securing additional dollars. This money includes the engineering portion up to \$100,000.

President Moran moved to close the Special Meeting, seconded by Mr. O'Donnell.
