Health care Plans A and B, as they exist on January 1, 2016, shall remain the same throughout the term of this Agreement, with the following exceptions:

- The City shall pay for the first 4% of premium increase, and thereafter, the City and each employee shall share equally in the percentage of premium increase, up to 12% of total increase.
- Plan designs may be modified and/or insurers may be changed if plan costs (medical, prescription drug and dental), jointly or separately, increase by more than 12% per year or if needed to comply with provisions of the Affordable Care Act.

During the term of this Agreement, employees shall contribute through payroll deduction for Plan A health benefits; there shall be no employee contribution for Plan B health benefits. The employee contribution for Plan A health benefits shall be a percentage of the total cost of medical, prescription drug, and dental premiums, as negotiated and established by the insurance providers and the City at the beginning of each plan year as follows: 15% for 2016, 15% for 2017, and 15% for 2018.

Effective January 1, 2014, the City shall also implement the Employed Spouse Policy which shall require spouses who are employed and eligible for group health insurance to take such coverage subject to certain conditions as stated below.

A flexible spending account shall be available to employees who desire to use such an account. The cost of maintaining such an account shall be at the City's expense.

Vision coverage shall be offered on a voluntary basis.

The parties agree that in their continued efforts to reduce hospitalization and other costs, a joint labor/management health care committee will be maintained and convened as necessary to review alternative insurance coverage plans and to make recommendations to the City. Such recommendations do not obligate either party contractually.

Should any collective bargaining agreement between the City of Rocky River and either of the two OPBA bargaining units of the City's Police Division contain a better-negotiated provision regarding the health benefits described above, the Service Division shall be accorded the identical health care provisions of the Police Division collective bargaining agreements.

EMPLOYED SPOUSE POLICY

Effective January 1, 2014, if your spouse is employed elsewhere and is eligible for group health insurance (medical and prescription drug) through his/her employer, your spouse must take the coverage at his/her employer unless the cost for such coverage is more than 50% of the employer's single premium.

Even though your spouse is required to enroll in his/her employer's plan, you can still have family coverage with the City of Rocky River and include your spouse, but the spouse will be covered as primary by his/her employer's plan and secondary on the City of Rocky River plan. When and if the primary coverage provides less benefit than the secondary (City) coverage, secondary (City) coverage will be applicable and the payment will be based on the City's plan benefits and subject to any deductibles, copayments or coinsurance under the City's plan.

This policy applies to your spouse only. You can still cover your eligible child(ren) under the City of Rocky River plan. However, you should also consider whether enrolling your child(ren) dependents in your spouse's plan would be more beneficial for your family based on plan design and costs. Keep in mind that having dual coverage may be more costly and not provide you with more coverage than you would have under one plan.

If, according to this policy, your spouse elects coverage under his/her employer's plan, or if you decline the City of Rocky River coverage to become covered under your spouse's plan, and your spouse subsequently loses that coverage due to termination, layoff, etc., you and your spouse may enroll for coverage under the City of Rocky River plan as long as you notify us within 30 days of the day the other coverage ends.

If this policy is not applicable to your spouse, either because your spouse does not have medical insurance benefits or their plan exceeds the costs set forth above, you must sign the attached certification form stating the basis for the exemption under this policy. If the certification is not completed and submitted by the required date, your spouse's coverage will be terminated immediately.

If you submit false information or fail to timely advise the City of a change in your spouse's eligibility for his/her employer health insurance coverage, and such false information or such failure by you results in the City plan providing benefits to which your spouse is not entitled, you will be personally liable to the City for reimbursement of benefits and expenses, including attorneys' fees, and costs incurred by the plan, your spouse will be terminated immediately from the plan, and you will be subject to disciplinary action up to and including termination of your employment. Any amount to be reimbursed to the City, may be paid directly by you or through payroll deduction.

An employee shall not accumulate vacation leave in excess of twice his current annual vacation benefits and shall forfeit his right to take or to be paid for any vacation leave in excess thereof. Such excess leave shall be eliminated from the employees' leave balance. Time already served by an employee with the Employer prior to the effective date of this Section shall be credited to such employee's service time for purposes of computation of vacation leave. Upon separation from the employ of the Employer for any reason, an employee or his legal representative shall be entitled to compensation at his current rate of pay for all lawfully accrued and unused vacation to his credit at the time of separation. Upon such payment the position shall be deemed vacant.

ARTICLE 21(b). SELECTION OF VACATION LEAVE

At the beginning of each year, a calendar shall be distributed among the employees of each department for the purpose of employees selecting their vacations. Vacation choices shall be made by employees in order of their seniority with the most senior employees having first choice. Seniority applies only for choices made by January 31st of each year; thereafter, choices are made on a "first come" basis. The vacation calendar choices made by the employees shall be made without management involvement or approval. However, no more than one employee shall be on vacation at any given time in each Department from October through March until all calendar days have been chosen. From April through September, no more than two (2) employees shall be on vacation at any given time in each Department until all calendar days are chosen.

Vacation choices shall be made by each employee for the first two weeks of their vacation time in two week intervals. After each employee has made their choice for their first two weeks of their vacation, they shall select the balance of vacation time in the same seniority order.

Other requests for vacation leave outside of the vacation calendar process shall be subject to the approval of management. No vacation time shall be unreasonably denied.

ARTICLE 24. SICK LEAVE

Each full time employee of the Service Division and Recreation Department, shall be entitled for each completed forty hours of service to sick leave of two and three tenths (2.3) hours with pay. However, such an employee shall not receive sick leave credit for hours of service in excess of forty hours in any one week.

When sick leave is used, it shall be deducted from the employee's credit on the basis of one hour for every hour of absence from previously scheduled work.

Unused sick leave shall be accumulated up to 1080 hours. However, an employee having accumulated sick leave in excess of 960 hours at the end of any calendar year shall be given time off during the following calendar year at the rate of one hour off for each three hour period of sick leave in excess of 960 hours or said employee may option to receive pay at the rate of straight time for his rate at the same ratio of one hour for each three hour period of sick leave in excess of 960 hours. In addition to the above sick leave benefits, a new full-time employee of the Employer shall, at the time of his appointment, be credited with 120 hours of job related sick leave.

Such job related sick leave may be used only in the employee's first year of service and only for injuries received by the employee in the performance of his duties with the Employer. Any part of the employee's job related sick leave not so used shall be forfeited and be eliminated from the employee's sick leave balance.

Employees may use sick leave upon the recommendation of the Service Commissioner, and/or Director of Recreation as applicable, and upon the approval of the Director of Public Safety Service or the Mayor, for absence due to such employee's personal illness, pregnancy, injury, exposure to contagious disease which could be communicated to other employees and to illness, injury or death in the employee's immediate family. Absences of more than 3 consecutive days require documentation from the employee's health care provider. Falsification of either the Application for Use of Sick Leave or the documentation from the health care provider shall be grounds for disciplinary action, up to and including termination of employment. Furthermore, the City reserves the right to require an examination by an independent medical examiner if it is suspected the sick leave policy is being abused.

A full-time employee who transfers from the State or any of its political subdivisions to the Employer shall be credited with the unused balance of his accumulative sick leave up to the maximum permitted in this section providing proof of such sick leave is furnished in writing by the employee's former employer.

This section does not interfere with existing unused sick leave credit in any agency or government where attendance records are maintained and credit has been given employees for unused sick leave.

Any employee with a pattern of, or who exceeds his accumulated sick leave, shall be subject to counseling. Exceeding the use of sick leave hours shall subject the employee to discipline, including termination of employment.

Unless the Employer has probable cause to believe that an employee is not in fact ill when he/she calls in sick, the Employer shall not initiate an investigation to verify his/her illness, except if said employee has been absent more than five (5) days in the previous twelve (12) calendar months.
