MEDICAL MUTUAL®

As part of the Affordable Care Act, health insurance issuers and group health plans are required to provide a Summary of Benefits and Coverage (SBC) to all participants (and their dependents if they reside at a different address).

The SBC(s) applicable to your current plan(s) will be available on EmployerLink or from your sales representative or broker. As the plan sponsor, you are responsible for distributing SBCs to your participants with other written application materials during open enrollment. An SBC must be provided for each benefit package in which a participant or dependent is eligible. If you do not require a written application from your participants to renew, you must provide each participant with the SBC specific to the plan in which he or she is enrolled no later than 30 days prior to the first day of the new plan or policy year.

Please review your applicable SBC(s) carefully. If you make a change that affects the information in your SBC, please contact your sales representative or broker to initiate the change and ensure new SBCs are available for your open enrollment period.

Federal Definitions

Full-Time Employee – Section 4980H provides that full-time employee status is determined on a monthly basis. Under § 4980H, a full-time employee with respect to any month is an employee (including a seasonal employee) who is employed, on average, at least 30 hours of service per week (or, under the rules contemplated to be included in proposed regulations, at least 130 hours of service in the calendar month). An employee who is not a full-time employee under this standard (including a seasonal employee) for a given month is taken into account in the FTE calculation. Section 4980H(c)(2)(E).

Full-Time Equivalent Employee – In determining whether an employer is an applicable large employer for the current calendar year, § 4980H provides that the employer is required to calculate the number of FTEs it employed during the preceding calendar year and count each such FTE as one FT employee for that year. All employees (including seasonal employees) who were not full-time employees for any month in the preceding calendar year are included in calculating the employer's FTEs for that month. The number of FTEs for each calendar month in the preceding calendar year would be determined using the following steps:

(1) Calculate the aggregate number of hours of service (but not more than 120 hours of service for any employee) for all employees who were not full-time employees for that month.

(2) Divide the total hours of service in step (1) by 120. This is the number of FTEs for the calendar month.

In determining the number of FTEs for each calendar month, fractions would be taken into account. For example, if in a calendar month employees who are not full-time employees work 1,260 hours, there would be 10.5 FTEs for that month. However, after adding the 12 monthly full-time employee and FTE totals, and dividing by 12 (the amount in Section IV.E, step (4) below), all fractions would be disregarded. For example, 49.9 FT employees for the preceding calendar year would be rounded down to 49 FT employees (and thus the employer would not be an applicable large employer in the current calendar year).

Seasonal Employee - Section 4980H provides that seasonal employees are employees who perform labor or services on a seasonal basis as defined by the Secretary of Labor, including seasonal workers covered by 29 C.F.R. § 500.20(s)(1) and retail workers employed exclusively during holiday seasons. Section 4980H(c)(2)(B)(ii). If an employer's workforce exceeds 50 FT employees for 120 days or fewer during a calendar year, and the employees in excess of 50 who were employed during that period of no more than 120 days were seasonal employees, the employer would not be an applicable large employer. It is contemplated that, for this purpose only, four calendar months would be treated as the equivalent of 120 days.

4 - As required by the Affordable Care Act, employees must be notified at least 60 days before the effective date of a material modification (made other than in conjunction with a renewal) if it impacts the contents of the Summary of Benefits and Coverage (SBC). Please be aware of this requirement when considering an off-renewal plan change or a change in carrier.

5 - Quote includes Medical Mutual's comprehensive suite of population health programs, which are designed to promote healthy lifestyle behaviors and encourage your employees to get well and stay well. Our programs help your employees understand their health, identify risk factors for disease, manage their conditions and make positive changes to improve their well-being. Covered employees will automatically have access to Medical Mutual's health and wellness initiatives, which may include, but not be limited to, online health resources and Health Assessment, Disease Management programs, 24/7 Nurse Line , tobacco QuitLine, Maternity program, fitness center discounts, and Weight Watchers® discounts.
