Hi Frank,,

Following are the specifications for the 2023 Ford F550 with equipment noted on page 14. Cost is \$123,870.00

The trucks will be able to be ordered November 1 2022. If the current model of ordering holds true with the Superduty, we will have a very short window for ordering. Probably no more than 45-90 days. Pricing and build are subject to the manufactures. The revisions were to add the poly fenders, change plug to flat, add seat covers and highlight equipment missed.

Only Fleet purchasers with a valid Fleet Identification Number (FIN code) will receive the extended warranty. When the sale is entered into the sales reporting system with a sales type fleet along with a valid FIN code, the warranty extension will automatically be added to the vehicle. The extension will stay with the vehicle even if it is subsequently sold to a non-fleet customer before the expiration. This extension applies to both gas and diesel powertrains. Dealers can check for the warranty extension on eligible fleet vehicles in OASIS. Please refer to the Warranty and Policy Manual section 3.13.00 Gas Engine Commercial Warranty. This change will also be reflected in the printed Warranty Guided distributed with the purchase of every new vehicle.
