RE: C&K INDUSTRIAL SERVICES, INC. PURCHASE AUTHORIZATION

We are requesting authorization to expend up to \$60,000.00 with C&K Industrial Services, Inc. This is not a request for additional appropriations.

C&K Industrial Services, Inc. provides expertise in sewer televising and cleaning services for the storm and sanitary infrastructure. Additionally, their crews maintain the monthly inspection and repair services for the flow meters located at the two remaining sanitary sewer overflows (SSO). C&K has a proven record of providing excellent service at competitive prices and often provides televising services in an emergency capacity to assist our Sewer Department. The invaluable support allows the City to identify and diagnose issues without performing exploratory excavation. We are currently evaluating options for the purchase of a sewer televising truck to perform much of this diagnosis by Sewer Department personnel, but authorization for services provided by C&K will ensure we have interim televising capabilities.
