City Council
City of Rocky River
21012 Hilliard Blvd
Rocky River, OH 44116

We have reviewed the *Independent Auditor's Report* of the City of Rocky River, Cuyahoga County, prepared by Zupka & Associates, for the audit period January 1, 2024 through December 31, 2024. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Rocky River is responsible for compliance with these laws and regulations.

Citizens of the City of Rocky River,
Mayor Pamela E. Bobst, and
Members of City Council

Transmittal of the Annual Comprehensive Financial Report

The City of Rocky River, Ohio (City) submits this Annual Comprehensive Financial Report (ACFR) for the year ending December 31, 2024. The ACFR is a more extensive report than basic financial statements and it is believed that the ACFR demonstrates the City's ongoing commitment to be accountable to its citizenry and to excellence in financial reporting. While no single report can be all things to all people, the goal in presenting this ACFR is to provide any person or entity interested in the City with information needed to gain a fair understanding of the City's financial position, results of operations and cash flows.

The Ohio Revised Code Section 117.38 requires that the City certify and file, within one hundred fifty days after the close of the fiscal year, a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America. The City issues the ACFR for the year ended December 31, 2024 therefore.

This ACFR is subject to review and acceptance by the Ohio Auditor of State, and the requirements of Ohio Revised Code Section 117.25 are not met until the Auditor of State certifies it. The review, acceptance and certification process will be completed by the Auditor of State in a reasonable timeframe and reports are subject to change if the Auditor of State determines that modification of the report is necessary to comply with required accounting or auditing standards or Uniform Guidance, the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

The ACFR consists of managements' representations concerning the finances of the City. Consequently management assumes responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive internal control system that has been established for that purpose. To provide a reasonable basis for making these representations, management of the City has established a thorough internal control framework that is designed to both protect the City's assets from loss, theft, or misuse and to compile sufficient, reliable information for the preparation of the City's financial statements in accordance with GAAP. The City strives to maintain a dynamic system of internal controls and procedures – including internal control over financial reporting – designed to ensure reliable financial record-keeping, transparent financial reporting and disclosure and protection of assets. Because the cost of internal control should not exceed anticipated benefits, the objective of the internal control system is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The City maintains an active Audit Committee to review the audit process and to report to and to make recommendations to City Council. The three Audit Committee members are residents of the City with expertise in financial administration and auditing.

The financial statements of the City have been audited by independent auditor Zupka & Associates Certified Public Accountants. The objective of an audit is to provide reasonable assurance that the financial statements are free of material misstatement. The audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. Based upon the results of the audit, Zupka & Associates Certified Public Accountants concluded that there was a reasonable basis for rendering an unmodified opinion that the City's financial statements for the year ended December 31, 2024 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the Financial Section of the ACFR.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this Letter of Transmittal and should be read in conjunction with it.

Profile of the City of Rocky River, Ohio

The City of Rocky River is an established residential community located in northeastern Ohio, founded as a village carved out of part of Rockport Township in 1903. The City covers 4.7 square miles along the southern shore of Lake Erie west of the City of Cleveland, in Cuyahoga County. The Rocky River, which drains into Lake Erie, forms the eastern border of the City. The 2020 U. S. Census reports the City's population at 21,755 residents. The City is a home-rule municipal corporation established pursuant to the general laws of the State of Ohio and its own charter. The current charter, which provides for the Mayor/Council form of government, was originally adopted in 1960 and last amended in 2020 with the next review for potential amendment(s) scheduled to occur in 2026. None of the recently enacted charter amendments are expected to have an impact on governance or financial reporting.

The City is governed by an elected full-time Mayor and seven City Council members City Council all of whom serve two-year terms. The Law Director is also an elected office holder who also serves two-year terms. The Mayor appoints the heads of the following departments: Safety-Service, Finance, Human Resources, Information Technology, Building, Service, Public Buildings (facilities) Office on Aging and Recreation. As of December 31, the City had 205 full-time employees, including the Rocky River Municipal Court.

The City provides various services including police and fire protection, including emergency medical services, parks and recreation, senior services, refuse pick-up and recycling services, street maintenance, sanitary and storm sewer services, planning and zoning, and general government services. Public health services are provided by contract with the Cuyahoga County Board of Health. Located in the City are the Rocky River Municipal Court and the Rocky River Wastewater Treatment Plant; both provide services to City residents and a jurisdiction that extends to several neighboring communities.

In addition to access to services by government entities, City residents may participate in the activities of a variety of local private facilities in the City including the Cleveland Yachting Club; Westwood Country Club; Oakwood Beach; Parklawn Beach; Wagar Beach; Lutheran West High School; Magnificat High School and numerous private elementary schools and churches that contribute to the sense of community in the City.

Economic Conditions

Local Economy Because of the proximity to major cultural, educational and medical facilities in Northeastern Ohio and ease of travel in the area, the City experiences a degree of economic stability. City residents in the professional, managerial, entrepreneurial categories benefit from convenient access to the City of Cleveland and other suburban regional employment centers.

The tax base of the City's municipal income tax consists of business (and employees) located within the City as well as individual, resident taxpayers. The largest organizations located within the City generating income tax revenue are the City and the Rocky River City School District. Other significant industries in the City are health care and senior citizen congregate housing; financial services and banking; shipping and logistics; and

retail. U. S. Census reports the City’s median household income was \$93,956; while for the State of Ohio that amount was \$67,769. Both amounts according to the *2023 American Community Survey 5-Year Estimates*.

Components of income tax collections are:

Component	2021	2022	2023	2024
Employee Withholding	\$9,335,722	\$11,444,236	12,518,598	13,613,812
Residence Tax	6,558,744	7,590,613	7,107,016	7,011,928
Business Profit	1,455,605	1,678,445	1,565,734	1,723,427
Penalties & Interest	460,230	471,481	471,664	471,684
Total	\$17,810,301	\$21,184,775	\$21,663,012	22,820,851

Income tax collections indicate growth for the span of years shown in the above table. The overall growth for the period indicated exceeds 28%. The Employee Withholding component grew by over 45%, comfortably surpassing the \$10.0M threshold and has been sustained above that amount.

In context, over a longer lookback period of five years, the annual income tax collection change has been in the range of -7.25 % to 18.95%. The City’s income tax rate is 2.0 percent with a credit to residents of 1.5 percent for income taxes paid to another city. With a ballot issue approved in November 2014, 0.5 percent of the City income tax was designated to provide resources for capital projects and equipment purchases, either directly or through the payment of debt service for those activities. While this revenue source is generally characterized as economically sensitive in the short-term, it has been proven to be durable in the long-term. Prior to the rate increase that became effective January 1, 2015, the last rate increase was put in place in 1977.

For the City, and within the State of Ohio, property tax revenue received during 2024 represents collections of the 2023 tax levies (Tax Year below). On behalf of the State of Ohio, the Cuyahoga County Fiscal Officer establishes property values within the City for tax purposes. The continuing strong real estate market has a favorable impact on property tax revenue. While there were no new single-family homes built in the City in 2024, that amount in 2023 was three and six in 2022. The new single-family home construction in 2023 represented about \$5,170,000 in property value.

In previous measurement periods, the percentages of the components making up the total assessed value were in the range of: residential, 85 percent; commercial, 14 percent; public utility, 1 percent. During a more current three year look-back period, the mix between the residential and commercial components has been maintained at: residential, 86 percent; commercial, 13 percent; public utility, 1 percent.

Component	Tax Year 2020	Tax Year 2021	Tax Year 2022	Tax Year 2023
Residential	\$759,648,800	\$906,497,710	\$906,594,420	\$915,501,670
Commercial	114,407,590	126,038,670	133,550,890	129,093,220
Public Utility	11,827,610	12,582,710	13,689,300	14,078,760
Total Assessed Value	\$885,884,000	\$1,045,119,090	\$1,053,834,610	\$1,058,673,650

Total assessed value indicates growth over the span of years shown in the above table. The growth of largest component (Residential) at 20% impacted the total assessed value which increased by a similar amount.

During 2024, the Cuyahoga County Fiscal Officer completed a full property value reappraisal, resulting in overall value increase of about 25%. Because of the structure of the City’s property tax levies, property tax revenue increases with property value increases; the derivative revenue will be realized in 2025. The increased values support property tax levies in place for various City funds, services and functions.

Demographic data confirm the importance of real estate values to the financial stability of the City. According to the Census Reporter (2019-2023 5-year ACS and the 2023 1-year ACS), the median value of owner-

occupied housing units in the City is \$327,600 while that amount in the State of Ohio is \$199,200. Also reported, the owner-occupied housing unit occupancy rate was 71 percent in the City while that amount in the State of Ohio was 67 percent.

Major Initiatives

Management of various phases of significant improvement projects was the focus of attention of the City during 2024. The following two projects were completed.

2020 Rocky River Sewer Improvement Project-Total Cost \$5.4 million

For this project, the City was approved for an interest free loan from the Ohio Public Works Commission; the loan approved for 56 percent of the project cost with the City providing the remaining 44 percent funding. The loan amortization period is 30 years. A source of a portion of the local match amount was a cost reimbursement pursuant to the Agreement between the Cities of Cleveland and Rocky River for Suburban Distribution Asset Renewal Program Project Reimbursement for the waterline improvement component cost of the project.

Spencer Road Sewer and Pavement Improvement Project-Total Cost \$1.5 million

For this project, the City was approved for an interest free loan from the Ohio Public Works Commission; the loan was approved for 30 percent of the project cost with the City providing the remaining 70 percent funding. The loan amortization period is 20 years.

The projects described above were undertaken within the comprehensive sewer maintenance and rehabilitation plan drafted by the City Engineer in 2006. Completion of the projects in the plan will serve to mitigate the potential for sanitary sewer overflows, residential flooding and reduce the City's potential exposure to compliance penalties.

The City initiated project design and engineering on an additional seven comprehensive street projects. Several of those projects include collaborative, grant or loan funding.

The City issued no new debt in 2024. In 2022, general obligation bonds were issued for the construction and furnishing of a new Police Station. The principal amount of the bonds was \$9,900,000. In addition to debt financing a portion of the project, the City had the flexibility to contribute to the total project costs of approximately \$13,095,000 from two revenue streams designated for capital purposes; the City used debt financing for approximately 75 percent of the total project costs. Also in 2024, the City fully redeemed two general obligation bond issues: the Civic Facility Improvement, Refunded, Series 2014 and the General Purpose, Refunded, Series 2014. The redemption of the Civic Facility Improvement, Refunded, Series 2014 allowed the City to reduce its overall property tax millage by eliminating the 0.65 mills in place to service said debt.

During 2024, the City completed construction to rehabilitate one of the lakefront parks in the city, Bradstreet's Landing Park. The multi-year project costs totaled over \$7.5 million. Since a pier at the Park, is a unique lakefront feature that provides Lake Erie access to more than City residents, the City applied for and was awarded funding from Cuyahoga County from its Community Development Supplemental Grant program in the amount of \$1,200,000. In addition, the City designated its City and State Local Fiscal Recovery Fund allocation for this unique recreational infrastructure. Some remaining improvements to be made at this Park are 1) a modern restroom building and 2) a creek bank restoration. These two components have an estimated cost of \$1.59 million.

Long-term Financial Planning

Despite economic stabilization and growth in revenue, the City administration proceeds with each annual budget conservatively. In accomplishing infrastructure projects and equipment purchases, the City looks to its capital improvement property tax levy and dedicated municipal income tax revenue sources for that purpose

and, to leverage its own funds, the City has obtained zero percent interest loans for a portion of many infrastructure project costs. Also, the *Agreement between the Cities of Cleveland and Rocky River for Suburban Distribution Asset Renewal Program Project Reimbursement*, put in place in 2012, has provided ongoing resources for certain infrastructure projects to support City resident needs.

In 2019, the City established a Budget Stabilization Fund, pursuant to Ohio Revised Code Section 5705.13. Such a fund structure is an indicator of the intent of the administration and City Council to keep a stable long-term financial position. The Fund was established with \$688,290 in 2019; and \$300,000 was added in 2024. In 2021, City Council appropriated over 80% of the fund balance; however, since experiencing revenue growth of the municipal income tax, no expenses were charged to the fund and it continues to provide longer-term stability to the City’s budget. Ohio Revised Code Section 5705.13 limits the fund accumulation to five percent of General Fund revenue in the prior fiscal year. As of January 1, 2025, that measurement was 3.87%.

The City uses on-going analysis of revenue sources and appropriations as a basis for its annual budget while balancing the need for reserves. Also, the City monitors cash flow in comparison to budget expectations throughout the year and attempts to be in a position to react to unexpected outside influences.

The Municipal Income Tax revenue source is perceived to be economically sensitive in the short-term. In the long-term, this revenue source has proved durable and the City buffers the economic sensitivity factor by conservative budgeting. And also, where actual revenue exceeds estimated revenue, such excess is generally not appropriated and carries over to the next year. During the five year period 2020 to 2024, the City spent an average of about 85 percent of the total appropriated amount.

The five year trend of funding data relevant in long term financial planning is as follows:

Source	Percent
Income Tax	45
Property Tax	24
Sewer Charges User Charges	9
Recreation Center User Charges	4
Other Revenue	6
Grants/Loans	6
Gas & License Fees	3
Ambulance Fees	1
Local Government Fund	1
Senior Center User Fees	1

Mutual agreements with other governments to provide services to City residents are always a consideration for any projects undertaken. Currently, wastewater treatment, judicial services, income tax collection, certain safety services, park management and air traffic monitoring are provided by mutual arrangement with other governments or managed by multi-jurisdictional related entities. For the organizations whereby the City joined as a member, an opportunity to participate in governance exists and there is a means to monitor the affiliated organizations’ resources and reserves.

Awards and Acknowledgements

Certificate of Achievement The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement of Excellence in Financial Reporting to the City for its Annual Comprehensive Financial Report for the year ending December 31, 2023. This was the thirty fifth year that the City has received this prestigious award. A “Certificate of Achievement” is awarded to the City when its publication is issued with easily readable language; is efficiently organized and comprehensive; and conforms to the programs standards for an annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a one year period only. The City believes the current ACFR continues to meet the award program requirements, and will submit it to determine its eligibility for another certificate.

Acknowledgements The publication of the ACFR is a significant step in the ongoing effort toward superior financial reporting. City Council's commitment to excellence of the City in general and support for this project in particular are sincerely appreciated.

The ACFR represents a coordinated effort among departments of the City; each department takes pride and care managing the assets of the public that are under its control. This report is meant to demonstrate and to document such effort.

Respectfully submitted,

s/Michael A. Thomas

INDEPENDENT AUDITOR'S REPORT

City of Rocky River
Cuyahoga County
21012 Hilliard Boulevard
Rocky River, Ohio 44116

To the Members of City Council:

Report on the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Rocky River, Cuyahoga County, Ohio, (the City) as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Rocky River as of December 31, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards (Government Auditing Standards)*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter

As discussed in Note 3 to the basic financial statements, the City adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences*. Our opinion is not modified with respect to this matter.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Schedules of Net Pension and Postemployment Benefit Liabilities and Pension and Postemployment Benefit Contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 28, 2025, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

City of Rocky River, Ohio
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2024

The administration of the City of Rocky River, Ohio (the "City") offers this Management's Discussion and Analysis to provide a narrative overview and analysis of the City's financial activities for the year ended December 31, 2024. The intent of the Management's Discussion and Analysis is to look at the City's financial performance as a whole; readers should also review the Transmittal Letter and the basic financial statements to enhance their understanding of the City's financial performance.

Financial Highlights

Key financial highlights for 2024 are:

- During 2024, the City implemented GASB Statement No. 101, *Compensated Absences*. As result of this new accounting standard, the City restated its net position as of December 31, 2023. See note 3 for additional information regarding the restatement.
- The total assets and deferred outflows of resources of the City exceeded total liabilities and deferred inflows of resources at the close of 2024 by \$115,839,364. This is an increase of \$7,599,649 from the restated 2023 net position. Net position of the City's governmental activities increased \$11,057,140 from 2023, while net position of the business-type activities decreased \$3,457,491 as of a result of capital distributions to governmental activities and the Cleveland Division of Water.
- Total assets increased while total deferred outflows decreased during 2024. The main factors affecting total assets were a significant intergovernmental receivable related to the wastewater treatment facility project and capital assets additions outpacing depreciation and deletions. The main fluctuation in deferred outflows of resources is related to the pension systems.
- Total liabilities and deferred inflows of resources increased from 2023. The main factor affecting total liabilities was the significant OWDA loans. The main fluctuation in deferred inflows of resources is related to deferred inflows for property taxes.

Using This Annual Comprehensive Financial Report

The Annual Comprehensive Financial Report consists of a series of financial statements and notes to those statements. These statements are prepared and organized so the reader can understand the City as a financial whole or as an entire operating entity. The financial statements proceed to provide an increasingly detailed look at the City's specific financial condition.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and a longer-term view of those assets. Major fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what dollars remain for future spending. The fund financial statements also look at the City's most significant funds with all other non-major funds presented in total in one column.

Reporting the City of Rocky River as a Whole

Statement of Net Position and Statement of Activities

While this document contains information about the funds used by the City to provide services to citizens, the view of the City as a whole looks at all financial transactions and asks the question, "How did the City do financially during 2024?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting similar to the accounting method used by the private sector. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when the cash is received or paid.

These two statements report the City's *net position* and changes therein. The City's net position, the difference between assets and deferred outflows of resources, what the City owns, and liabilities and deferred inflows of resources, what the City owes, is one way to measure the City's financial health, or financial position. Over time, *increases or decreases* in the City's net position is an indicator of whether its *financial health* is improving or deteriorating. Also other nonfinancial factors such as changes in the City's property tax base, municipal income tax base, and the condition of the City's capital assets (roads, buildings, and sewer lines) should be considered to assess the *overall health* of the City. In the Statement of Net Position and the Statement of Activities, the City is divided into two kinds of activities:

- Governmental activities – Most of the City's basic services are reported here, including police, fire, streets, refuse collection, parks, recreation, and general administration. Property taxes, municipal income taxes, state shared revenues, court fines, and recreation fees finance most of these activities.
- Business-type activities – The City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's sanitary sewer and the wastewater treatment plant activities are reported here.

The Statement of Net Position and the Statement of Activities are divided into the following categories:

- Assets
- Deferred Outflows of Resources
- Liabilities
- Deferred Inflows of Resources
- Net Position (Assets and Deferred Outflows of Resources minus Liabilities and Deferred Inflows of Resources)
- Program Revenues and Expenses
- General Revenues
- Net Position Beginning of Year and Year's End

City of Rocky River, Ohio
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2024

Reporting the Most Significant Funds of the City of Rocky River

Fund Financial Statements

Fund financial statements provide detailed information about the City's major funds based on the restrictions on the use of monies. The City has established many funds that account for the multitude of services, facilities and infrastructure provided to City residents. However, these fund financial statements focus on the City's most significant funds. The City's major funds are the General Fund, Capital Improvement Capital Projects Fund, Wastewater Treatment Plant Enterprise Fund, and the Sanitary Sewer Enterprise Fund.

Governmental Funds

Most of the City's activities are reported in the governmental funds that focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. Governmental funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that are expected to be readily converted to cash. The governmental fund statements provide a detailed short-term view of the City's general operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future on services provided to residents. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Proprietary Funds

The City maintains two different types of proprietary funds. The first, enterprise funds, are used to report the same functions presented as business-type activities. The City uses an enterprise fund to account for the operations of its Wastewater Treatment Plant and Sanitary Sewer Funds. The second, internal service funds, are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City maintains this type of fund to account for health, prescription, and dental related employee benefits. Because this activity predominantly affects governmental rather than business functions, it has been included within the governmental activities in the government-wide financial statements.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the City's government. Fiduciary funds are not reflected in the government-wide financial statements because the resources are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

City of Rocky River, Ohio
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2024

Notes to the Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found immediately following the Statement of Changes in Fiduciary Net Position.

Other Information

In addition to the basic financial statements and the accompanying notes, this report also presents certain other information that the City believes readers will find useful. After the required supplementary information, the combining statements referred to earlier in connection with non-major governmental funds are presented, as well as individual detailed budgetary comparisons for all funds.

The City of Rocky River as a Whole

The Statement of Net Position looks at the City as a whole. Table 1 provides a summary of the City's Net Position for 2024 compared to 2023 restated balances.

The City follows Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27* and GASB Statement 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which significantly revises accounting for costs and liabilities related to pensions and other postemployment benefits (OPEB). For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the City's actual financial condition by adding deferred inflows related to pension/OPEB, the net pension/OPEB liability to the reported net position and subtracting deferred outflows related to pension/OPEB and the net pension/OPEB asset.

GASB standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension/OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's net pension/OPEB liability. GASB 68 and GASB 75 take an earnings approach to pension/OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

City of Rocky River, Ohio
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2024

GASB 68 and GASB 75 require the net pension liability/asset and the net OPEB liability/asset to equal the City's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service
2. Minus plan assets available to pay these benefits

GASB notes that pension/OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension/OPEB. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should, accordingly, be reported by the government as a liability since they received the benefit of the exchange. However, the City is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan against the public employer. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension/OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e., sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension/OPEB liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension/OPEB liability is satisfied, these liabilities are separately identified within the long-term liability section of the Statement of Net Position.

Net position may serve over time as a useful indicator of a government's financial position. For the City, total assets and deferred outflows of resources exceed total liabilities and deferred inflows of resources by \$115,839,364 as of December 31, 2024, which is a \$7,599,649 increase from the prior year, as restated. At the end of the current year, the City is able to report positive balances in the net investment in capital assets and restricted net position. Unrestricted net position is negative as a result of GASB 68 and GASB 75.

In order to further understand what makes up the changes in net position for the current year, Table 2 provides further details regarding the results of activities for 2024 compared to 2023. See table on following page.

City of Rocky River, Ohio
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2024

Effects of GASB 68 and 75

In accordance with GASB 68 and GASB 75, the City's statements prepared on the accrual basis of accounting include an annual pension/OPEB expense for their proportionate share of each plan's change in net pension/OPEB liability and net pension/OPEB asset not accounted for as deferred inflows/outflows.

Under GASB 68, pension expense represents additional amounts earned based on a proportionate share of the net pension liability adjusted by a corresponding proportionate share of deferred outflows and inflows. Under GASB 68, the pension expense for 2024 is \$3,940,461, while in 2023 pension expense was \$5,240,876.

Under GASB 75, OPEB expense represents additional amounts earned based on a proportionate share of the net OPEB liability adjusted by a corresponding proportionate share of deferred outflows and inflows. Under GASB 75, the OPEB expense for 2024 is \$(23,197), while in 2023 OPEB expense was \$(614,355).

Governmental Activities

Overall, total governmental activities net position increased as revenues continued to outpace expenses in 2024. General revenues were mostly consistent from year-to-year except for the grants not restricted to specific programs. Grants not restricted to specific programs decreased due to the City having \$2.1 million in Local Area Fiscal Recovery Funds grant revenue in 2023 but did not receive any similar grants during 2024. Program revenues increased primarily due to an increase in charges for services. This increase is mainly due to an increase in court fees, EMS fees, youth sports fees, pool fees, and civic center membership fees.

Total program expenses for 2024 were \$38,150,863, a 5.4% increase from 2023 levels. In the current year the most significant program categories were the security of persons and property, general government, and leisure time activities. Security of persons and property expenses decreased during 2024 due to the impact of GASB 68 and 75 being offset by an increase in payroll expenses. The increase in general government and leisure time activities was mainly due to an increase in payroll expenses caused by an increase in employees during 2024. Leisure time activities expense also increased due to expenses related to the parks master plan.

City of Rocky River, Ohio
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2024

Business-Type Activities

For business-type activities of the City, charges for services are the primary source of revenue. The program expenses are comprised of charges to operate the Rocky River Wastewater Treatment Plant (the "Plant") as well as the cost to maintain the sanitary sewer collection system. The charges for services were consistent with the prior year. The decrease in expenses relating to the Plant is due a decrease in repairs and maintenance.

The City's Funds

Governmental Funds

The focus of the City's governmental funds is to provide information on a near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Information about the City's governmental funds begins on page 22. These funds are accounted for by using the modified accrual basis of accounting.

As of December 31, 2024, the City's governmental funds reported combining ending fund balance of \$38,810,274. The majority of the fund balance is shown as restricted indicating that there are constraints on how the funds can be used.

All governmental funds had total revenues of \$47,726,714 and expenditures of \$44,968,373, resulting in a \$1,407,261 current year increase in fund balance, after consideration of \$1,351,080 in net other financing uses. This increase is due primarily to revenues outpacing expenditures.

The General Fund is the most significant fund as it is the source for providing a significant portion of resources for governmental activities such as police, fire, service, legislative, and administrative functions. In 2024, the General Fund had total revenues and other financing sources of \$32,128,001 and expenditures and other financing uses, of \$30,255,756 resulting in an increase in fund balance at December 31, 2024 of \$1,872,245. General Fund revenues, including other financing sources increased \$1,765,708 from 2023, while expenditures, including other financing uses, increased by \$4,053,125. The increase in General Fund revenues was due primarily to increases in income taxes, charges for services, and investment income. Charges for services increased mainly due to increased EMS ambulance billing fees. The increase in investment income from the City's investments during the year was due to increased interest rates and improved market conditions. Expenditures increased mainly due to an increase in personnel costs, including both payroll and benefits costs, and transfers out to fund other programs within the City. The majority of the transfers were to the Refuse & Recycling fund, Equipment Purchase fund, Capital Improvement fund, and Sanitary Sewer fund. The remaining transfers were to various nonmajor governmental funds to provide additional resources for current operations and for the payment of debt.

City of Rocky River, Ohio
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2024

The Capital Improvement Fund accounts for the various projects of the City financed by tax monies and General Fund transfers. In 2024, the Capital Improvement Fund had total revenues and other financing sources of \$9,180,289 and expenditures of \$8,839,676 resulting in an increase in fund balance of \$340,613 at December 31, 2024. Revenues and other financing sources increased mainly due to transfers in from the General Fund increasing \$2.4 million during 2024. Expenses were up almost \$600,000 as the City is in the midst of several capital projects.

General Fund Budgeting Highlights

The City's budget is prepared according to the general laws of the State of Ohio and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

The General Fund's actual expenditures, not including other financing uses, were \$4,017,435 under the final budgeted amount of \$23,561,795. The main reason for the fluctuation is due to lower than expected costs related to general government and security of persons and property expenses.

Actual revenues exceeded budgetary estimates as actual revenues related to municipal income tax revenues were significantly greater than budgeted amount.

For the General Fund, the original and final budgeted amounts remained relatively consistent.

All capital projects and requests for capital-type purchases are included in the annual appropriations ordinance and any supplemental appropriations ordinance(s) as necessary. Recommendations for budget changes are presented to City Council as a supplemental appropriations ordinance. The City Administration may make budget changes that modify line items within departments within the same fund.

The General Fund supports many major activities such as the police division, fire division, engineer/building, finance, Rocky River Municipal Court, and economic/community development departments as well as the legislative and most executive activities. Some major capital projects are funded with General Fund dollars. These funds are transferred from the General Fund to Capital Improvement Fund where the revenue and expenditures for the capital improvement project are tracked and monitored.

Total capital assets, net for the City as of December 31, 2024 were \$141,521,226, a \$10,559,928 increase from 2023. Capital asset additions of \$15,587,424 were offset by \$5,019,992 of depreciation expense.

The City seeks funding assistance for infrastructure projects as well as improving City facilities. It is through this type of financial assistance as well as grants and careful use of debt that the City proved able to improve upon capital assets and at the same time maintain revenue at a level that enables debt service loads at comfortable margins.

See Note 10 for additional information on capital assets.

City of Rocky River, Ohio
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2024

Debt

On December 31, 2024, the City had \$53,722,453 in bonds and loans outstanding. Table 4 summarizes bonds and loans outstanding.

Table 4
Outstanding Debt at Year-End

	<u>Governmental Activities</u>		<u>Business-Type Activities</u>		<u>Total</u>	
	<u>2024</u>	<u>2023</u>	<u>2024</u>	<u>2023</u>	<u>2024</u>	<u>2023</u>

The outstanding general obligation bonds at December 31, 2024 are composed of the Police Station, Series 2022 of \$9,840,000. There remains unamortized premiums related to these issues of \$58,026.

The special assessment bonds outstanding at December 31, 2024 consist of the Erosion Control B Bond of \$15,000 (Series 2000). The principal and interest for these bonds are paid from the Special Assessment Bond Retirement Fund with monies collected through the Cuyahoga County Fiscal Officer from the affected taxpayers.

Principal of the Ohio Public Works Commission (OPWC) loans are paid semi-annually from the Wastewater Treatment Plant Fund, the Sanitary Sewer Fund and the Capital Improvement Fund. Principal and interest of the Ohio Water Development Authority (OWDA) loans are paid semi-annually from the Wastewater Treatment Plant Fund.

The City's overall legal debt margin was \$129,563,393 on December 31, 2024.

See Note 18 of the basic financial statements for additional information on the City's debt.

City of Rocky River, Ohio
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2024

Current Financial Related Activities

Current financial related activities are viewed through a lens of the mix of the City's largest revenue sources: 1) the economically sensitive and durable income tax and 2) the more foundational property tax. The City's income tax revenue base is supported meaningfully by employment in financial services/retail banking and investment management/insurance; senior services and education (public and private). The employers in these sectors have remained stable in the recent past. Home improvement and food retailers also contribute favorably to commercial activity in the City. While the City income tax provides the larger percentage of operating revenue, conservative revenue projections create confidence in a stable budget plan each year. Property tax revenue is influenced by assessed values and the governing Ohio Revised Code. The Cuyahoga County Fiscal Officer is tax assessor. Assessed values have gained and grown contributing to growth in property tax revenue of the City. The most recent reassessment by the Fiscal Officer was completed in 2024. Which resulted in an average increase in property values in the City of approximately 26%.

The City's commitment to its residents has always been one of full disclosure of financial matters of the City. This annual report is available to all residents who wish to review it. City of Rocky River, Charter, Article III, Section 19, requires that, "[t]he Annual Comprehensive Financial Report, made to the City shall be filed with the Clerk of Council, who shall retain the then current report for public inspection. Within thirty days after the report is filed with the Clerk of Council, the Director of Finance shall submit a copy of the same report to the Rocky River Public Library." (Amended 11-6-90).

Contacting the City's Finance Department

This annual report is designed to provide citizens, taxpayers, creditors and investors with a general overview of the City's finances and show the City's accountability for all money it receives, spends, or invests. Any questions about the annual report or for additional financial information contact the Director of Finance, City of Rocky River, 21012 Hilliard Boulevard, Rocky River, Ohio 44116, (440) 331-0600. Certain information regarding the City is available through the website: www.rockyriverohio.gov.

Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities

December 31, 2024

Total Governmental Funds Balances \$ 38,810,274

*Amounts Reported for Governmental Activities in the Statement of Net
Position are different because:*

Capital assets, net used in governmental activities are not financial
resources and therefore are not reported in the funds. 103,967,697

Other long-term assets are not available to pay for current-period
expenditures and therefore are unearned in the funds.

Delinquent Property Taxes	\$ 298,287	
Municipal Income Taxes	2,405,362	
Investment Income	161,330	
Special Assessments	16,299	
Charges for Services	304,706	
Intergovernmental	<u>1,443,015</u>	
Total		4,628,999

In the Statement of Activities, interest is accrued on outstanding bonds,
whereas in Governmental Funds, an interest expenditure is reported when
due. (35,587)

Internal Service Funds are used by management to charge the costs of
certain activities, such as insurance to individual funds. The assets and
liabilities of the Internal Service Funds are included in Governmental
Activities in the Statement of Net Position.

Net Position	1,133,542	
Internal Balance	<u>(105,102)</u>	
Total		1,028,440

Long-term liabilities are not due and payable in the current period and are,
therefore, not reported in the funds.

General Obligation Bonds	(9,898,026)	
Special Assessments	(15,000)	
OPWC Loans	(198,050)	
Compensated Absences	(4,246,145)	
Asset retirement obligations	(88,343)	
Finance purchase	<u>(344,427)</u>	
Total		(14,789,991)

(Continued)

The accompanying notes are an integral part of these financial statements

City of Rocky River, Ohio

Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities (Continued)

December 31, 2024

The net pension liability is not due and payable in the current period and the net pension asset is not available for spending in the current period; therefore, the asset/liability and related deferred outflows/inflows are not reported in the governmental funds.

Net Pension Asset	125,142	
Deferred Outflows of Resources - Pension	11,066,762	
Net Pension Liability	(36,230,081)	
Deferred Inflows of Resources - Pension	<u>(1,927,970)</u>	
Total		(26,966,147)

The net OPEB liability is not due and payable in the current period; therefore, the liability and related deferred outflows/inflows are not reported in the governmental funds.

Net OPEB Asset	482,074	
Deferred Outflows of Resources - OPEB	1,293,107	
Net OPEB Liability	(1,652,731)	
Deferred Inflows of Resources - OPEB	<u>(1,867,019)</u>	
		<u>(1,744,569)</u>
Net Position of Governmental Activities		\$ <u><u>104,899,116</u></u>

The accompanying notes are an integral part of these financial statements

City of Rocky River, Ohio

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended December 31, 2024

Net Change in Fund Balances - Total Governmental Funds \$ 1,407,261

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental Funds report Capital Outlay as expenditures. However in the Statement of Activities, the cost of those assets is allocated over their useful lives and reported as depreciation expense. This is the amount by which depreciation differed from capital outlay in the current period.

Capital Outlay	\$ 8,642,061	
Contributed Capital	757,132	
Capital Transferred from Business-type Activities	4,033,008	
Depreciation	<u>(4,026,088)</u>	
Total		9,406,113

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the Funds.

Property and Other Local Taxes	(79,838)	
Municipal Income Taxes	(462,690)	
Special Assessments	(20,332)	
Investment Income	(136,964)	
Charges for Services	(43,937)	
Intergovernmental	<u>233,100</u>	
Total		(510,661)

Repayment of bond principal is an expenditure in the Governmental Funds, but these expenditures reduce long-term liabilities in the Statement of Net Position.

General Obligation Bonds	1,140,000	
Special Assessment Bonds	15,000	
Ohio Public Works Commission Loans	7,472	
Finance Purchase	74,504	
Lease	14,118	
SBITA	<u>32,017</u>	
Total		1,283,111

(Continued)

The accompanying notes are an integral part of these financial statements

City of Rocky River, Ohio

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities (Continued)

For the Year Ended December 31, 2024

Other financing sources in the governmental funds that increase long-term liabilities in the Statement of Net Position.

Finance Purchase	(32,017)	
SBITA	<u>(418,931)</u>	(450,948)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in Governmental Funds.

Accrued Interest on Bonds	2,296	
Amortization of Bond Premium	61,789	
Loss on Refunding	(19,607)	
Asset Retirement Obligations	(12,481)	
Compensated Absences	<u>232,126</u>	
Total		264,123

The Internal Service Fund used by management to charge the costs of insurance to individual funds is not reported in the entity-wide Statement of Activities. Governmental expenditures and related Internal Service Fund revenues are eliminated. The net income of the Internal Service Fund is allocated amongst the Governmental Activities.

Change in Net Position	454,673	
Change in Internal Balance	<u>(58,242)</u>	
Total		396,431

Contractually required contributions are reported as expenditures in Governmental Funds; however, the Statement of Net Position reports these amounts as deferred outflows.

2,837,641

Except for amounts reported as deferred outflows/inflows, changes in the net pension/OPEB liability/asset are reported as pension/OPEB contra-expense in the Statement of Activities.

(3,575,931)

Change in Net Position of Governmental Activities	\$ <u><u>11,057,140</u></u>

City of Rocky River, Ohio

Notes to Basic Financial Statements

For the Year Ended December 31, 2024

Note 1: Description of City and Reporting Entity

The City of Rocky River (City) is a home rule municipal corporation, established under the laws of the State of Ohio and operated under a charter. The charter provides for a Mayor/City Council form of government whereby the Mayor is the administrative officer of the City. The Charter was originally adopted in 1960 and has been amended periodically; most recently in 2014. The Mayor, Law Director and seven-member City Council all serve two-year terms.

Reporting Entity

For financial reporting purposes, the reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements of the City are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the City.

The City provides various services including police and fire protection, health, parks and recreation, street maintenance, planning and zoning, sewer services, municipal court, senior adult, and general administrative services. The operation of these activities is directly controlled by the City Administration and City Council (through the budgetary process). None of these services are provided by a legally separate organization; therefore, these operations are included in the primary government.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance deficits of or provide financial support to the organization; or the City is obligated for the debt of the organization. Component units may also include organizations for which the City approves the budget, the issuance of debt, or the levying of taxes. The City has no component units.

The City participates in other organizations: jointly governed organizations and a related organization. See Notes 20 and 25 to the basic financial statements for further information. The City also participates in two Municipal Utility Districts, see Note 26 for further information.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 2: Summary of Significant Accounting Policies

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements The Statement of Net Position and the Statement of Activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid "doubling up" of the related revenues and expenses. The statements distinguish between those activities of the City that are governmental and those that are considered business-type.

The Statement of Net Position presents the financial condition of the governmental and business-type activities of the City at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants, and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business-type activity is self-financing or draws from the general revenues of the City.

Fund Financial Statements During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 2: Summary of Significant Accounting Policies (Continued)

B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The City reports three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities and deferred inflows of resources is reported as fund balance. The following are the City's major governmental funds:

General Fund The General Fund accounts for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the City for any purpose provided it is expended or transferred according to the charter of the City and/or the general laws of the State of Ohio.

Capital Improvement Fund The Capital Improvement Fund accounts for the various projects of the City financed by tax monies and General Fund subsidies.

The other governmental funds of the City account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Fund Enterprise funds may be used for any activity for which a fee is charged to external users for goods and services. The City's enterprise funds are:

Wastewater Treatment Plant – Accounts for the Rocky River Wastewater Treatment Plant which provides wastewater treatment services for the cities of Rocky River, Fairview Park, Westlake, and Bay Village.

Sanitary Sewer – Accounts for the collection of sanitary sewer charges and the accumulation of resources to rehabilitate through acquisition, construction, or improvement, the City's sanitary sewer infrastructure.

Internal Service Fund Internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The City's internal service fund accounts for a self-insurance program for employee health benefits.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 2: Summary of Significant Accounting Policies (Continued)

B. Fund Accounting (Continued)

Fiduciary Funds Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and custodial funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund. The City's custodial funds are for deposits and fees to the Tri-City Council of Governments, Municipal Court, and the S.A.F.E. Council of Governments.

C. Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the City are included on the Statement of Net Position. The Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

Like the government-wide statements, all proprietary funds and fiduciary funds are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the Statement of Fund Net Position. In fiduciary funds, a liability to the beneficiaries of fiduciary activity is recognized when an event has occurred that compels the government to disburse fiduciary resources. Fiduciary fund liabilities other than those to beneficiaries are recognized using the economic resources measurement focus.

For the proprietary funds, the Statement of Revenues, Expenses and Changes in Fund Net Position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The Statement of Cash Flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

Fiduciary funds present a statement of changes in fiduciary net position which reports additions to and deductions from the custodial fund.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 2: Summary of Significant Accounting Policies (Continued)

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary and fiduciary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred outflow/inflows of resources and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-Exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within 60 days of year-end.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements, and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 7). Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income taxes, State of Ohio levied locally shared taxes (including gasoline tax and motor vehicle license fees), fines and forfeitures, interest, grants and entitlements, and rent.

Unearned Revenue Unearned revenue represents amounts under the accrual and modified accrual basis of accounting for which asset recognition criteria have been met, but for which revenue recognition criteria have not yet been met because such amounts have not yet been earned.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 2: Summary of Significant Accounting Policies (Continued)

D. Basis of Accounting (Continued)

Deferred Outflows/Inflows of Resources In addition to assets, the financial statements may report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. At December 31, 2024, the City had deferred outflows of resources for pension and OPEB (other postemployment benefits) plans reported in the government-wide Statement of Net Position and the proprietary funds Statement of Fund Net Position.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the City, deferred inflows of resources include property taxes, unavailable revenue, leases and amounts for the pension and OPEB plans. Property taxes represent amounts for which there is an enforceable legal claim as of December 31, 2024, but which were levied to finance year 2025 operations. These amounts have been recorded as a deferred inflow on both the government-wide Statement of Net Position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds Balance Sheet, and represents receivables which will not be collected within the available period. For the City, unavailable revenue includes delinquent property taxes, Municipal income taxes, special assessments, investment income, charges for services and intergovernmental revenues. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. Deferred inflows of resources related to pension and OPEB plans are reported on the government-wide Statement of Net Position and in the proprietary funds on the Statement of Fund Net Position. Deferred inflows of resources related to leases are explained in Note 9.

The deferred outflows and inflows of resources related to pension and OPEB plans are explained in Note 14 and Note 15.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 2: Summary of Significant Accounting Policies (Continued)

E. Cash and Cash Equivalents

To improve cash management, cash received by the City is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through City records. Each fund's interest in the pool is presented as "equity in pooled cash and cash equivalents" on the financial statements.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts and nonnegotiable certificate of deposits are reported at cost. See Note 6 for specific disclosures relating to investments.

STAR Ohio, is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but the City has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, *Certain External Investment Pools and Pool Participants*. The City measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value.

For the year ended 2024, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$100 million. STAR Ohio reserves the right to limit the transaction to \$250 million, requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

Investment procedures are restricted by the provisions of the City Charter and the general laws of the State of Ohio. Interest revenue credited to the General Fund during 2024 amounted to \$2,347,917, which includes \$1,239,508 assigned from other City funds.

F. Restricted Assets

Assets are reported as restricted assets when limitations on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, or laws of other government or imposed by enabling legislation. The City's restricted cash relates to an escrow account held for retainage funds payable to contractors at the completion of the City's current projects as well as contractor deposits.

G. Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of expendable materials and supplies.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 2: Summary of Significant Accounting Policies (Continued)

H. Prepaid Assets

Payments made to vendors for services that will benefit periods beyond December 31, 2024 are recorded as prepaid assets using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

I. Interfund Balances

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as "interfund receivables/payables." Interfund balance amounts are eliminated in the Statement of Net Position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances. On fund financial statements, long-term interfund loans, reported as "advances to/from other funds", are classified as nonspendable fund balance, which indicate that they are not in spendable form even though it is a component of net current assets. Repayment is expected to be made within a reasonable period of time.

J. Capital Assets

General capital assets are capital assets which are associated with and arise from governmental activities. They generally result from expenditures in the governmental funds. General capital assets are reported in the governmental activities column of the government-wide Statement of Net Position but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide Statement of Net Position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition value as of the date received. The City maintains a capitalization threshold of \$2,500. Improvements are capitalized with the exception of the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life.

All capital assets are depreciated except for land; certain land improvements; rights of way and construction in progress. Improvements are depreciated over the estimated remaining useful lives of the related capital assets. For 2024, the City's infrastructure consists of roads, traffic signals, sidewalks, and storm sewers. In addition, the City has recorded construction in progress for City road and sewer projects initiated in 2024. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following estimated useful lives:

Land improvements	10 - 40 Years
Buildings	20 - 75 Years
Furniture, Fixtures and Equipment	5 - 75 Years
Vehicles	5 - 25 Years
Infrastructure	10 - 75 Years

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 2: Summary of Significant Accounting Policies (Continued)

J. Capital Assets (continued)

The City is reporting right to use assets related to subscriptions and leased property and equipment. These assets are amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset.

K. Compensated Absences

The City recognizes liabilities for compensated absences, including compensatory, vacation and sick leave, based on the estimated amount of leave that is more likely than not to be used or otherwise settled. It is the City's policy to permit employees to accumulate earned but unused pay benefits. Compensatory and vacation pay is accrued and reported as a liability when earned by the City's employees. The City allows accumulation of hours of sick leave, which can only be used in the event of an illness or paid out upon termination up to 960 hours, except for the fire division where a maximum of 1,384 hours may be paid out. Compensated absences generally do not have a set payment schedule. The City does not offer noncash settlements.

The entire compensated absence liability is reported on the government-wide financial statements.

For governmental funds, the current portion of unpaid compensated absences is the amount expected to be paid using expendable available resources. When applicable, amounts are recorded in the account "matured compensated absences" in the fund from which the employees who have accumulated unpaid leave are paid. The noncurrent portion of the liability is not reported. In the proprietary funds, the entire amount of compensated absences is reported as a fund liability.

L. Payables, Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, and net pension/OPEB liabilities that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, financed purchases, and long-term loans are recognized as a liability on the governmental fund financial statements when due.

M. Bond Premiums and Discounts

On the government-wide financial statements, bond premiums and discounts are deferred and amortized over the term of the bonds using the straight line method. Bond premiums are presented as an increase of the face amount of the general obligation bonds payable. On fund financial statements, bond premiums are receipted in the year the bonds are issued.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 2: Summary of Significant Accounting Policies (Continued)

N. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable: The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

Restricted: Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (City Council’s resolutions).

Enabling legislation authorizes the City to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the City can be compelled by an external party, such as citizens, public interest groups, or the judiciary, to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed: The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of City Council. Those committed amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be re-deployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the City Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned: Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. These amounts are assigned by City Council. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 2: Summary of Significant Accounting Policies (Continued)

N. Fund Balance (Continued)

In the General Fund, assigned amounts represent intended uses established by the City Council or a City official delegated that authority by the City Council or ordinance or State statute. State statute authorized the Finance Director to assign fund balance for purchases on order provided such amounts have been lawfully appropriated. City Council assigned fund balance to cover a gap between estimated revenue and appropriations in the 2025 appropriated budget.

Unassigned: Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

The City, through Council resolution, has established a reserve balance account for the purpose of budget stabilization in accordance with Ohio Revised Code Section 5705.13. The amount reserved may not exceed 5% of the General Fund's revenues in the prior year. Council may appropriate expenditures out of the reserve account to stabilize the City's budget. As the required circumstances determining when the balance can be appropriated are not sufficiently detailed, the balance of \$1,188,290 is reported as unassigned fund balance.

O. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The government-wide Statement of Net Position reports \$19,382,318 of restricted net position. The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

P. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for wastewater treatment plant services, sanitary sewer services, and self-insurance programs. Operating expenses are necessary costs that have been incurred in order to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as non-operating.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 2: Summary of Significant Accounting Policies (Continued)

Q. Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

R. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

S. Budgetary Data

All funds, except custodial funds, are legally required to be budgeted and appropriated. The major documents prepared are the alternative tax budget information, the certificate of estimated resources, and the appropriations ordinance, all of which are prepared on the budgetary basis of accounting. The alternative tax budget information demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount City Council may appropriate. The appropriations ordinance is City Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by City Council. The legal level of control has been established by City Council through the appropriation ordinance at the object level within each department for the General Fund and at the object level for all other funds. Budgetary modifications may only be made by ordinance of the City Council at the legal level of control.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Director of Finance. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time the final appropriations were enacted by City Council.

The appropriation ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation ordinance for that fund that covered the entire year, including encumbered amounts carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by City Council during the year.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 2: Summary of Significant Accounting Policies (Continued)

T. Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liabilities and asset, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB systems report investments at fair value.

U. Capital Contributions and Capital Distributions

Capital contributions in the proprietary fund financial statements arise from contributions of capital assets or resources restricted to capital acquisition and construction. These are shown as transfers on the Statement of Activities if they are from the governmental activities. Capital distributions in the proprietary fund financial statements arise from transfers of capital assets from the enterprise funds to the governmental activities or another entity and capital assets acquired on behalf of others. These are shown as transfers on the Statement of Activities if they are to the governmental activities.

V. Rocky River Wastewater Treatment Plant Capital Assets

An agreement among the Ohio cities of Bay Village, Fairview Park, Westlake and the City (WWTP Member Cities) provides that legal title to the Rocky River Wastewater Treatment Plant is held jointly by the WWTP Member Cities as measured by a proportional allocation. The City's undivided interest in the capital assets of the plant are reported in the City's Wastewater Treatment Plant Enterprise Fund. See Note 12 for additional information on the Plant.

W. Leases

As lessee, the City recognizes lease contracts or equivalents that have a term exceeding one year and the cumulative future payments on the contract exceed \$5,000 that meet the definition of an other than short-term lease. Short-term lease payments are expensed when incurred. At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. The City uses a discount rate that is explicitly stated or implicit in the contract. When a readily determinable discount rate is not available, the discount rate is determined using the City's incremental borrowing rate at start of the lease for a similar asset type and term length to the contract. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 2: Summary of Significant Accounting Policies (Continued)

W. Leases (Continued)

As lessor, the City recognizes lease contracts or equivalents that have a term exceeding one year and the cumulative future payments on the contract exceed \$5,000 that meet the definition of an other than short-term lease. At the commencement of the lease, the City records a receivable and deferred inflow of the net present value of future expected payments using a discount rate explicitly stated or implicit in the contract. Short-term lease receipts and variable lease receipts not included in the measurement of the lease receivable are recognized as income when earned

X. Subscriptions

The City recognizes subscription-based information technology arrangements that have a term exceeding one year and future payments on the contract exceed \$6,000. Short-term subscriptions are expensed as incurred. At the commencement of the subscription arrangement, the City initially measures the subscription liability at the present value of payments expected to be made during the term. The City uses a discount rate that is determined using the City's incremental borrowing rate at start of the subscription arrangement for a similar asset type and term length to the contract. Subsequently, the subscription liability is reduced by the principal portion of payments made. The subscription asset is initially measured as the initial amount of the subscription liability. Subsequently, the subscription asset is amortized on a straight-line basis over its term.

Note 3: Changes in Accounting Principles and Restatement of Fund Balance/Net Position

Newly Adopted Accounting Pronouncements

GASB Statement No. 100, *Accounting Changes and Error Corrections—an Amendment of GASB Statement No. 62*, was issued in June 2022. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The effective date of this standard applies to reporting periods beginning after June 15, 2023. These changes were incorporated in the City's 2024 financial statements.

GASB Statement No. 101, *Compensated Absences*, was issued in June 2022. The primary objective of this Statement is to update the recognition and measurement guidance for compensated absences by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this statement are effective for fiscal years beginning after December 15, 2023. For the City, GASB 101 decreased the liability and the cumulative effects of compensated absence related expense on net position as shown on the table below.

Newly Issued Accounting Pronouncements, Not Yet Adopted

GASB Statement No. 102, *Certain Risk Disclosures*, was issued in December 2023. The primary objective of this Statement is to require governments to disclose essential information about risks related to vulnerabilities due to certain concentrations or constraints. The requirements of this statement are effective for fiscal years beginning after June 15, 2024. The City has not yet determined the impact that this GASB pronouncements will have on its financial statements and disclosures.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 4: Budgetary Basis of Accounting

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by the general laws of the State of Ohio is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget (Non-GAAP Budgetary Basis) and Actual for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and the GAAP basis are as follows:

- 1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- 2. Expenditures are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
- 3. Encumbrances are treated as expenditures (budget) rather than as restricted, committed, or assigned fund balance (GAAP).
- 4. Advances-in and advances- out for governmental funds are operating transactions (budget) as opposed to balance sheet transactions (GAAP).
- 5. Investments are reported at fair value (GAAP) rather than cost (budget).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statement for the General Fund.

	<u>General</u>
GAAP basis	\$ 1,872,245
Net adjustment for revenue accruals	(467,002)
Net adjustment for expenditure accruals	56,229
Fair value adjustment for investments	(977,121)
Encumbrances	<u>(459,833)</u>
Budget basis	\$ <u>24,518</u>

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 5: Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on a fund for the major governmental funds and non-major governmental funds are presented below:

	General Fund	Capital Improvement	Total Nonmajor Funds	Total Governmental Funds
Nonspendable:				
Inventory	\$ 77,452	\$ 0	\$ 112,906	\$ 190,358

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 6: Deposits and Investments

The City follows the guidelines for deposit of funds set forth by the City Charter as well as certain provisions of Ohio Revised Code Chapter 135: Uniform Depository Act.

City of Rocky River, Charter, Article VII, Section 3. provides “The Director of Finance may invest moneys of the City in any or all of the following: Investments consistent with the general laws of the State of Ohio in accordance with the Ohio Uniform Depository Act and any amendments thereto, bonds or notes of this City, bonds or other obligations of the United States or other obligations of any political subdivision or taxing district of the State as to which there is no default of principal or interest, in such manner as is now or hereafter provided by ordinance of City Council or by the laws of the State of Ohio, and the State Treasury Asset Reserve (STAR), an investment pool managed by the Ohio Treasurer of State, as defined in Section 135.45(F)(2)(a) of the Ohio Revised Code.”

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are monies identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts. Interim monies may be deposited or invested in the following securities:

1. United States Treasury notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. No-load money market mutual funds consisting exclusively of obligations described in (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 6: Deposits and Investments (Continued)

4. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
5. Bonds and other obligations of the State of Ohio, and with certain limitations bonds and other obligations of political subdivisions of the State of Ohio;
6. The State Treasurer's investment pool (STAR Ohio).
7. Certain bankers' acceptances and commercial paper notes for a period not to exceed one hundred eighty days in an amount not to exceed 40% of the interim monies available for investment at any one time if training requirements have been met; and
8. Written repurchase agreements in the securities described in (1) or (2) provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2% and be marked to market daily, and the term of the agreement must not exceed thirty days.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits

Custodial credit risk is the risk that in the event of bank failure, the City's deposits may not be returned to it.

The City has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by:

Eligible securities pledged to the City and deposited with a qualified trustee by the financial institution as security for repayment whose fair value at all times shall be at least 105% of the deposits being secured; or

Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Ohio Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total fair value of the securities pledged to be 102% of the deposits being secured or a rate set by the Treasurer of State.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 6: Deposits and Investments (Continued)

Deposits (Continued)

At year-end, the bank balance of the City’s deposits were \$16,420,492. At year-end \$82,483 of the City’s total bank balance was exposed to custodial credit risk because those deposits were uninsured and uncollateralized. One of the City’s financial institutions participate in the Ohio Pooled Collateral System (OPCS) and was approved by the Ohio Treasurer of State for a reduced collateral floor of 85% resulting in the uninsured and uncollateralized balance.

Investments

Investments are reported at fair value. As of December 31, 2024, the City had the following investments:

	Measurement	Maturities	Maturities
	Value	(in years)	(in years)
Amortized Cost:		Less than 1	More than 1
Money Market	\$ 20,429,416	\$ 20,429,416	\$ 0
STAR Ohio	12,342,307	12,342,307	0
Total	\$ 32,771,723	\$ 32,771,723	\$ 0

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The City’s investments in a money market account and STAR Ohio are valued at amortized cost (Level 1).

Interest Rate Risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The City Charter addresses interest rate risk requiring that the City’s investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments, thereby avoiding that need to sell securities on the open market prior to maturity and by investing operating funds primarily in short-term investments. The Ohio Revised Code Chapter 135 also limits security purchases to those that mature within five years unless specifically matched to a specific cash flow. At December 31, 2024, the average days to maturity for STAR Ohio was 27.20 days.

Custodial Risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. All financial institutions and broker/dealers who desire to become qualified for investment transactions with the City must meet a set of standards prescribed by Ohio Revised Code Chapter 135 and be periodically reviewed.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 6: Deposits and Investments (Continued)

Investments (Continued)

Credit Risk is addressed by the City's Charter by the requirements that all investments are authorized by Ohio Revised Code and that the portfolio be diversified both by types of investment and issuer. The City's investments in Star Ohio and the money market both carry an "AAAm" money market rating by Standard & Poor's.

Concentration of Credit Risk is defined by the Governmental Accounting Standards Board as five percent or more in the securities of a single issuer. The City's investment policy requires diversification of the portfolio but does not indicate specific percentage allocations. The following is the City's allocation as of December 31, 2024:

<u>Investment Issuer</u>	<u>Percentage of Investments</u>
Money Market	62 %
STAR Ohio	38 %
	<u>100 %</u>

Note 7: Property Taxes

Property taxes include amounts levied against real and public utility properties located in the City. Property tax revenue received during 2024 represents collections of the 2023 taxes.

2024 real property taxes were levied after October 1, 2024, on the assessed value as of January 1, 2024, the lien date. Assessed values are established by Ohio Revised Code at 35% of appraised value. 2024 real property taxes are collected in and intended to finance 2025.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35% of true value. 2024 public utility property taxes which became a lien December 31, 2023, were levied after October 1, 2024, and were collected in 2025 with real property taxes

The full tax rate for all City operations for the year ended December 31, 2024, was \$10.55 per \$1,000 of assessed value. The full rate for the City is the same as the effective rate. The assessed values of real and public utility properties upon which 2024 property tax receipts were based are as follows:

<u>Category</u>	<u>Assessed Value</u>
Real Property	\$ 1,044,594,890
Public Utility	14,078,760
Total	<u>\$ 1,058,673,650</u>

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 7: Property Taxes (Continued)

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, the Ohio Revised Code permits later payment dates to be established.

The Cuyahoga County Fiscal Officer collects property taxes on behalf of all taxing districts in the county, including the City. The County Fiscal Officer periodically remits to the City its portion of the taxes.

Property taxes receivable represents real property taxes, public utility taxes, and outstanding delinquencies which are measurable as of December 31, 2024 and for which there is an enforceable legal claim.

In the governmental funds, a portion of the receivable has been offset by deferred inflows of resources – property taxes, since current taxes were not levied to finance 2024 operations and the collection of delinquent taxes during the available period is not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on the modified accrual basis the revenue has been reported as deferred inflows of resources – unavailable revenue.

Note 8: Income Taxes

The City utilizes the Regional Income Tax Agency (RITA) to collect and administer its local income tax. The tax is collected by RITA and remitted to the City on the 1st and 10th business days of each month.

The City levies a municipal income tax of 2% on substantially all income earned within the City. In addition, residents of the City are required to pay the City municipal income tax on income earned outside the City; however, a credit of 1.5% is allowed for income taxes paid to other municipalities, which reduces the effective tax rate to 0.5% for such earnings.

Corporations and other individual taxpayers are required to pay their estimated tax at least quarterly and file a final return annually. Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City either monthly or quarterly.

All income tax monies are credited to the General Fund, Equipment Replacement Fund, Capital Improvements Fund, and Sanitary Sewer Fund.

Enabling legislation provides income tax monies may be credited to the General Fund, Equipment Replacement Fund, Capital Improvements Fund, and Sanitary Sewer Fund.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 9: Receivables

Receivables at December 31, 2024, consisted of taxes, accounts (billings for user charged services), special assessments, interest, lease, and intergovernmental receivables. Receivables are recorded net of an allowance for estimated uncollectible amounts. The allowance is based on a historical percentage of collections of amounts billed. The City has estimated \$778,467 in uncollectible billings for user charged services.

A summary of Intergovernmental Receivables follows:

Governmental Activities:

Homestead and Rollback	\$ 764,083
Local Government	299,783
Rocky River Municipal Court	134,870
Grant Reimbursements	234,011
Miscellaneous	39,723
Auto Registration and Gasoline Tax	562,850
Permissive Tax	<u>11,049</u>
Total governmental activities	2,046,369

Business-type activities:

WWTP Capital Acquisitions on Behalf of Members	\$ <u>11,464,292</u>
Total business-type activities	<u>11,464,292</u>
Total Intergovernmental Receivable	\$ <u><u>13,510,661</u></u>

Special assessments are expected to be collected within one-year. The amount of delinquent special assessments outstanding is \$128,837 at December 31, 2024.

Lease Receivable

On December 21, 2020, the City entered into a lease agreement with the Cleveland Clinic to lease space within the Don Umerley Civic Center. The lease was for three years with two one-year renewal periods. The City recognized lease revenue of \$35,136 and interest revenue of \$143 in 2024 related to lease payments received. A summary of future lease receipts is as follows:

Governmental activities:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 36,486	\$ 72	\$ 36,558

City of Rocky River, Ohio

Total	\$ <u>4,026,088</u>

During 2024, \$405,864 of the construction in progress additions, \$542,801 of vehicles, and \$47,497 of equipment additions on the business-type activities were funded with governmental fund resources. This activity is also reported as contributed capital on the proprietary funds financial statements and as a transfer in the statement of activities.

Also during 2024, \$2,605,608 of the roads additions and \$1,427,400 of storm sewer additions on the governmental activities were funded with business-type fund resources. On the statement of activities, the transaction between governmental activities and business-type activities is reported as a transfer.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 10: Capital Assets (Continued)

In addition, during 2024, the City determined that \$1,108,997 of one of the construction in progress projects related to a water main replacement, which is maintained by another entity. As such, these costs were expensed during 2024. This activity is reported as capital distributions on the proprietary funds financial statements.

During 2024, the WWTP made \$341,289 of capital acquisitions on behalf of the other Member Cities. As such, these costs were expensed during 2024. This activity is reported as capital distributions on the proprietary funds financial statements.

Note 11: SBITA Obligation

The City entered into noncancelable SBITA agreements for email filters and firewall protection. These contract meets the definition of a SBITA under GASB Statement No. 96. The agreements required a payment of \$9,150 and \$22,898, respectively, at the inception of the agreements. These agreements expire in March 2027 and December 2027, respectively.

Note 12: Rocky River Wastewater Treatment Plant

The Plant is located at 22303 Lake Road in Rocky River on land owned by that Member City.

The Plant supplies participating residents of the WWTP Member Cities, with a combined population of approximately 83,373, with wastewater treatment services. The Plant is designed to treat an average daily flow of 22.5 million gallons per day (MGD) and has a primary treatment capacity of 128 MGD and a secondary treatment capacity of 45 MGD.

Pursuant to an organizing agreement, as amended from time to time, an operational structure and certain managerial guidelines for the Plant are stipulated. In addition, the organizing agreement provides that legal title to the Rocky River Wastewater Treatment Plant is held jointly by the WWTP Member Cities.

Permitting and Compliance

The Plant operates under authority of Ohio Environmental Protection Agency (Ohio EPA) National Pollution Discharge Elimination System (NPDES) Permit No. 3PE00009*ND that was issued January 6, 2023 effective for the period February 1, 2023 to January 31, 2028.

In addition, the Plant is regulated by the Ohio EPA to limit air contaminants generated by the anaerobic digestion process and associated control equipment. On July 27, 2021, the Ohio EPA issued Air Pollution Permit-to-Install and Operate Permit Number P0130237 effective for the period July 21, 2021 through July 27, 2031.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 12: Rocky River Wastewater Treatment Plant (Continued)

In 2024, the Plant received preliminary notices of non-compliance for seven issues. All violations and corrective actions were timely reported to the Ohio EPA. As of the date of this report, no fines or penalties have been either proposed or imposed. Further, Plant management is of the opinion no fines or penalties will result from these issues.

Note 13: Risk Management

The City is exposed to various risks related to damage to, theft of and destruction of assets; torts; errors and omissions; natural disasters; and injuries to employees. During 2024, the City obtained insurance coverage with private insurance carriers to address exposure to certain of these risks.

There has not been a significant reduction in coverage from the prior year and settled claims have not exceeded coverage in any of the past three years.

Protection for employees injured while at work is provided through the two agencies of the State of Ohio: the Bureau of Workers' Compensation (BWC) and the Industrial Commission of Ohio (IC). The BWC has the administrative and insurance function, collecting workers' compensation insurance premiums from employers, and overseeing compensable claims of injured workers. The IC is the claims adjudicative branch that resolves disputes arising from a workers' compensation claim. Also, the City has contracted with a third-party administrator and a managed care organization to provide case management, consulting, and administrative services.

Since May 2002, the City has provided employees (and eligible dependents) medical and prescription drug benefits on a partially self-insured basis; dental benefits are provided on a fully-insured basis.

The City contracts with a third-party administrator to process and pay claims and has obtained stop-loss coverage for claims individually and stop-loss coverage for aggregate per year claims. The City pays a monthly premium into the Self-Insurance Fund for each employee that varies according to coverage elected. The monthly premium charge is paid by the fund from which the employees' salary is paid. Incurred but not reported claims of \$208,485 have been accrued as a liability at December 31, 2024 based on an estimate by the third-party administrator.

Changes in the fund's claims liability amount were:

		<u>Balance at Beginning of Year</u>	<u>Current Year Claims</u>	<u>Claim Payments</u>	<u>Balance at End of Year</u>
2024	\$	202,727	\$ 2,783,263	\$ 2,777,505	\$ 208,485
2023		161,794	2,347,032	2,306,099	202,727

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 14: Defined Benefit Pension Plans

A. Net Pension/OPEB Liability (Asset)

The net pension/OPEB liability (asset) reported on the Statement of Net Position represents a liability (asset) to employees for pensions/OPEB. Pensions/OPEB are a component of exchange transactions – between an employer and its employees – of salaries and benefits for employee services. Pensions/OPEB are provided to an employee – on a deferred-payment basis – as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions/OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension/OPEB liabilities (assets) represent the City's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the City's obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the City does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68 and 75 assumes the liability (asset) is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for OPEB benefits including primarily health care. In most cases, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium.

State statute requires the retirement systems to amortize unfunded pension/OPEB liabilities within 30 years. If the pension/OPEB amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension/OPEB liability (asset)* on the accrual basis of accounting. Any liability for the contractually-required contribution outstanding at the end of the year is included in intergovernmental payable on both the accrual and modified accrual bases of accounting. The remainder of this note includes the required pension disclosures. See Note 15 for the required OPEB disclosures.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 14: Defined Benefit Pension Plans (Continued)

B. Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description – City employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer public employee retirement system comprised of three separate pension plans: the traditional pension plan, a defined benefit plan; the combined plan, a hybrid defined benefit/defined contribution plan; and the member-directed plan, a defined contribution plan. Effective January 1, 2022, new members may no longer select the combined plan, and current members may no longer make a plan change to this plan. In October 2023, the legislature approved House Bill (HB) 33 which allows for the consolidation at the discretion of OPERS. As of December 31, 2023, the consolidation has not been executed (the latest information available).

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional and combined plans. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional and combined plans as per the reduced benefits adopted by SB 343 (see OPERS Annual Comprehensive Financial Report referenced above for additional information, including requirements for reduced and unreduced benefits):

Group A	Group B	Group C
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 5 years of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 5 years of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Traditional Plan Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Traditional Plan Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Traditional Plan Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35
Combined Plan Formula: 1.0% of FAS multiplied by years of service for the first 30 years and 1.25% for service years in excess of 30	Combined Plan Formula: 1.0% of FAS multiplied by years of service for the first 30 years and 1.25% for service years in excess of 30	Combined Plan Formula: 1.0% of FAS multiplied by years of service for the first 35 years and 1.25% for service years in excess of 35

Final average salary represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 14: Defined Benefit Pension Plans (Continued)

B. Plan Description – Ohio Public Employees Retirement System (OPERS) (Continued)

Traditional plan members who retire before meeting the age and years of service requirements for unreduced benefits receive a percentage reduction in the benefit amount. The amount of a member's pension benefit vests at retirement. Combined plan member retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit.

When a traditional plan benefit recipient has received benefits for 12 months, the member is eligible for an annual cost of living adjustment (COLA). This COLA is calculated on the member's original base retirement benefit at the date of retirement and is not compounded. Members retiring under the combined plan receive a cost-of-living adjustment on the defined benefit portion of their pension benefit. For those who retired prior to January 7, 2013, the cost-of-living adjustment is 3%. For those retiring on or after January 7, 2013, beginning in calendar year 2019, the adjustment is based on the average percentage increase in the Consumer Price Index, capped at 3%.

Defined contribution plan benefits are established in the plan documents, which may be amended by the Board. Member-directed plan and combined plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the combined plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. Combined plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans.

Member-directed participants must have attained the age of 55, have money on deposit in the defined contribution plan and have terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the member-directed plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20% each year.

At retirement, members may select one of several distribution options for payment of the vested balance in their individual OPERS accounts. Options include the annuitization of their benefit (which includes joint and survivor options and will continue to be administered by OPERS), partial lump-sum payments (subject to limitations), a rollover of the vested account balance to another financial institution, receipt of entire account balance, net of taxes withheld, or a combination of these options. When members choose to annuitize their defined contribution benefit, the annuitized portion of the benefit is reclassified to a defined benefit.

Funding Policy – The Ohio Revised Code provides statutory authority for member and employer contributions and currently limits the employer contribution to a rate not to exceed 14% of covered payroll for state and local employer units. Member contribution rates, as set forth in the Ohio Revised Code, are not to exceed 10% of covered payroll for members in the state and local classifications.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 14: Defined Benefit Pension Plans (Continued)

B. Plan Description – Ohio Public Employees Retirement System (OPERS) (Continued)

The portion of employer contributions used to fund pension benefits is net of postemployment health care benefits. The portion of the employer's contribution allocated to health care for 2024 was 0% for the traditional plan, 2% for the combined plan, and 4% for members in the member-directed plan. Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City's contractually required contribution for the traditional plan, net of postemployment health care benefits, for 2024 was \$1,642,690. The contractually required contribution for the combined plan, net of postemployment health care benefits, for 2024 was \$25,011. For the 2024 amounts, \$188,764 is reported as intergovernmental payable at December 31, 2024.

C. Plan Description – Ohio Police & Fire Pension Fund (OP&F)

Plan Description - the City's full-time police and fire participate in Ohio Police and Fire Pension Fund (OP&F), a cost-sharing, multiple-employer public employee retirement system administered by OP&F. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information and detailed information about OP&F fiduciary net position. The report may be obtained by visiting the OP&F website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Upon attaining a qualifying age with sufficient years of service, a member of OP&F may retire and receive a lifetime monthly pension. OP&F offers four types of service retirement: normal, service commuted, age/service commuted, and actuarially reduced. Each type has different eligibility guidelines and is calculated using the member's average annual salary. The following discussion of the pension formula relates to normal service retirement.

For members hired after July 1, 2013, the minimum retirement age is 52 for normal service retirement with at least 25 years of service credit. For members hired on or before July 1, 2013, the minimum retirement age is 48 for normal service retirement with at least 25 years of service credit.

The annual pension benefit for normal service retirement is equal to a percentage of the allowable average annual salary. The percentage equals 2.5% for each of the first 20 years of service credit, 2.0% for each of the next five years of service credit and 1.5% for each year of service credit in excess of 25 years. The maximum pension of 72% of the allowable average annual salary is paid after 33 years of service credit (see OP&F Annual Comprehensive Financial Report referenced above for additional information, including requirements for Deferred Retirement Option Plan provisions and reduced and unreduced benefits).

Under normal service retirement, retired members who are at least 55 years old and have been receiving OP&F benefits for at least one year may be eligible for a cost-of-living allowance adjustment. The age 55 provision for receiving a COLA does not apply to those who are receiving a permanent and total disability benefit, surviving beneficiaries under optional plans, and statutory survivors. Members participating in the DROP program have separate eligibility requirements related to COLA.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 14: Defined Benefit Pension Plans (Continued)

C. Plan Description – Ohio Police & Fire Pension Fund (OP&F) (Continued)

The COLA amount for members who have 15 or more years of service credit as of July 1, 2013, and members who are receiving a pension benefit that became effective before July 1, 2013, will be equal to 3% of the member's base pension benefit.

The COLA amount for members who have less than 15 years of service credit as of July 1, 2013, and members whose pension benefit became effective on or after July 1, 2013, will be equal to a percentage of the member's base pension benefit where the percentage is the lesser of 3% or the percentage increase in the consumer price index, if any, over the twelve-month period that ends on the thirtieth day of September of the immediately preceding year, rounded to the nearest one-tenth of one percent.

Members who retired prior to July 24, 1986, or their surviving beneficiaries under optional plans are entitled to cost-of-living allowance increases. The annual increase is paid on July 1st of each year. The annual COLA increase is \$360 under a Single Life Annuity Plan with proportional reductions for optional payment plans.

Funding Policy – The Ohio Revised Code provides statutory authority for member and employer contributions and currently limits the employer contribution to a rate not to exceed 19.5% of covered payroll for police employer units and 24.0% for fire employer units. Member contribution rates, as set forth in the Ohio Revised Code, are not to exceed 12.25% of covered payroll for police and fire. Actual contribution rates match the current limits. The portion of employer contributions used to fund pension benefits is net of postemployment health care benefits. The portion of the employer's contribution allocated to health care was 0.5% for 2024 for police and fire employer units. Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

In 2024, the City's contractually required contribution, net of postemployment health care benefits, was \$1,398,049. Of this amount, \$164,028 is reported as intergovernmental payable at December 31, 2024.

D. Pension Liabilities (Asset), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability (asset) for OPERS was measured as of December 31, 2023, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. OP&F's total pension liability was measured as of December 31, 2023, and was determined by rolling forward the total pension liability as of January 1, 2023 to December 31, 2023. The City's proportion of the net pension liability (asset) was based on the City's share of contributions to the pension plan relative to the contributions of all participating entities.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 14: Defined Benefit Pension Plans (Continued)

D. Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Following is information related to the proportionate share and pension expense:

	OPERS Traditional	OPERS Combined	OP&F	Total
Proportion of the Net Pension Liability/Asset Prior Measurement Date	0.063198%	0.039619%	0.238793%	
Proportion of the Net Pension Liability/Asset Current Measurement Date	<u>0.065691%</u>	<u>0.048758%</u>	<u>0.226361%</u>	
Change in Proportionate Share	0.002493%	0.009139%	(0.012432%)	
Proportionate Share of the Net Pension Liability	\$ 17,198,172	\$ 0	\$ 21,869,606	\$ 39,067,778
Proportionate Share of the Net Pension (Asset)	\$ 0	\$ (149,870)	\$ 0	\$ (149,870)
Pension Expense	\$ 1,946,604	\$ 2,123	\$ 1,959,748	\$ 3,908,475

Pension expense for the member-directed defined contribution plan was \$31,986 in 2024. For 2024, the aggregate pension expense for all pension plans was \$3,940,461.

At December 31, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	OPERS Traditional	OPERS Combined	OP&F	Total
Deferred Outflows of Resources				
City Contributions Subsequent to the Measurement Date	\$ 1,642,690	\$ 25,011	\$ 1,398,049	\$ 3,065,750
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	3,471,324	24,376	2,478,286	5,973,986
Differences in Employer Contributions and Change in Proportionate Share	290,550	31,362	281,550	603,462
Difference Between Expected and Actual Experience	281,090	6,073	702,079	989,242
Change in Assumptions	<u>0</u>	<u>5,562</u>	<u>1,382,135</u>	<u>1,387,697</u>
Total Deferred Outflows of Resources	\$ <u>5,685,654</u>	\$ <u>92,384</u>	\$ <u>6,242,099</u>	\$ <u>12,020,137</u>
Deferred Inflows of Resources				
Differences in Employer Contributions and Change in Proportionate Share	\$ 105,912	\$ 25,301	\$ 1,229,326	\$ 1,360,539
Difference Between Expected and Actual Experience	0	14,824	244,587	259,411
Change in Assumptions	<u>0</u>	<u>0</u>	<u>332,116</u>	<u>332,116</u>
Total Deferred Inflows of Resources	\$ <u>105,912</u>	\$ <u>40,125</u>	\$ <u>1,806,029</u>	\$ <u>1,952,066</u>

D. Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The \$3,065,750 reported as deferred outflows of resources related to pension resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the pension liability in the year ending December 31, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Fiscal Year Ending December 31:	OPERS		OPERS		OP&F		Total	
	Traditional		Combined					
2025	\$	963,905	\$	5,070	\$	814,903	\$	1,783,878
2026		1,252,249		8,055		918,549		2,178,853
2027		2,215,204		15,396		1,543,097		3,773,697
2028		(494,306)		(2,684)		(181,982)		(678,972)
2029		0		1,758		(54,900)		(53,142)
2030-2031		0		(347)		(1,646)		(1,993)
	\$	<u>3,937,052</u>	\$	<u>27,248</u>	\$	<u>3,038,021</u>	\$	<u>7,002,321</u>

E. Actuarial Assumptions – OPERS

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial-reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The active member population which consists of members in the Traditional and Combined plans is assumed to remain constant. For purposes of financing the unfunded actuarial accrued liabilities, total payroll is assumed to grow at the wage inflation rate indicated below.

Key methods and assumptions used in valuation of total pension liability/asset - 2023

	OPERS Traditional Plan	OPERS Combined Plan
Valuation date	December 31, 2023	December 31, 2023
Experience study	5-year period ended December 31, 2020	5-year period ended December 31, 2020
Actuarial cost method	Individual entry age	Individual entry age
Actuarial assumptions:		
Investment rate of return	6.90%	6.90%
Wage inflation	2.75%	2.75%

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 14: Defined Benefit Pension Plans (Continued)

E. Actuarial Assumptions – OPERS (Continued)

	<u>OPERS Traditional Plan</u>	<u>OPERS Combined Plan</u>
Projected salary increases, including 2.75% wage inflation	2.75 to 10.75%	2.75 to 8.25%
COLA or Ad Hoc COLA:		
Pre-Jan 7, 2013 retirees	3.00% Simple	3.00% Simple
Post-Jan 7, 2013 retirees	2.30% Simple through 2024 then 2.05% Simple	2.30% Simple through 2024 then 2.05% Simple

Pre-retirement mortality rates are based on 130% of the Pub-2010 General Employee Mortality tables (males and females). Post-retirement mortality rates are based on 115% of the PubG-2010 Retiree Mortality Tables (males and females). Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females). For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

OPERS conducts an experience study every five years in accordance with Ohio Revised Code Section 145.22. The study for the five-year period ended December 31, 2020, and methods and assumptions were approved and adopted by the OPERS Board of Trustees.

OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Defined Benefit portfolio contains the investment assets of the traditional plan, the defined benefit component of the combined plan and the annuitized accounts of the member-directed plan. The money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for changing amounts actually invested for the Defined Benefit portfolio was a gain of 11.2% for 2023.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The long-term expected rate of return on defined benefit investment assets was determined using a building block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. Best estimates of arithmetic real rates of return were provided by the Board's investment consultant.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 14: Defined Benefit Pension Plans (Continued)

E. Actuarial Assumptions – OPERS (Continued)

The table below displays the Board-approved asset allocation policy and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed income	24.00%	2.85%
Domestic equities	21.00	4.27
Real estate	13.00	4.46
Private equity	15.00	7.52
International equities	20.00	5.16
Risky parity	2.00	4.38
Other investments	5.00	3.46
Total	100.00%	

Discount Rate The discount rate used to measure the total pension liability for measurement year 2023 was 6.9%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate The following table presents the City's proportionate share of the net pension liability (asset) calculated using the current period discount rate assumption of 6.9%, as well as what the City's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is one-percentage-point lower (5.9%) or one-percentage-point higher (7.9%) than the current rate:

	1% Decrease (5.9%)	Discount Rate (6.9%)	1% Increase (7.9%)
City's Proportionate Share of the Net Pension Liability – Traditional	\$ 27,074,546	\$ 17,198,172	\$ 8,983,301
City's Proportionate Share of the Net Pension (Asset) – Combined	\$ (90,688)	\$ (149,870)	\$ (196,491)

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 14: Defined Benefit Pension Plans (Continued)

F. Actuarial Assumptions – OP&F

OP&F’s total pension liability as of December 31, 2023 is based on the results of an actuarial valuation date of January 1, 2023, and rolled-forward using generally accepted actuarial procedures. Actuarial valuations of an ongoing retirement plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements, and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future. Assumptions considered were: withdrawal rates, disability retirement, service retirement, DROP elections, mortality, percent married and forms of payment, DROP interest rate, CPI-based COLA, investment returns, salary increases and payroll growth. The changes in assumptions are being amortized over the estimated remaining useful life of the participants which was 6.03 years at December 31, 2023.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of January 1, 2023, are presented below:

Actuarial cost method	Entry age normal
Investment rate of return	7.50%
Projected salary increases	3.75% - 10.50%
Payroll growth	3.25% per annum, compounded annually, consisting of inflation rate of 2.75% plus productivity increase rate of 0.50%
Cost of living adjustments	2.20% simple per year

Mortality for service retirees is based on the Pub-2010 Below-Median Safety Amount-Weighted Healthy Retiree mortality table with rates adjusted by 96.2% for males and 98.7% for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for disabled retirees is based on the Pub-2010 Safety Amount-Weighted Disabled Retiree mortality table with rates adjusted by 135% for males and 97.9% for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for contingent annuitants is based on the Pub-2010 Below-Median Safety Amount Weighted Contingent Annuitant Retiree mortality table with rates adjusted by 108.9% for males and 131% for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for active members is based on the Pub-2010 Below-Median Safety Amount-Weighted Employee mortality table. All rates are projected using the MP-2021 Improvement Scale.

The most recent experience study was completed for the five-year period ended December 31, 2021.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 14: Defined Benefit Pension Plans (Continued)

F. Actuarial Assumptions – OP&F (Continued)

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The assumption is intended to be a long-term assumption (30 to 50 years) and is not expected to change absent a significant change in the asset allocation, a change in the underlying inflation assumption, or a fundamental change in the market that alters expected returns in future years.

Best estimates of the long-term expected geometric real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2023 are summarized below:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Domestic equity	18.6%	4.1%
International equity	12.4	4.9
Private markets	10.0	7.3
Core fixed income*	25.0	2.4
High yield fixed income	7.0	4.1
Private credit	5.0	6.8
U.S. inflation linked bonds*	15.0	2.1
Midstream energy infrastructure	5.0	5.8
Real assets	8.0	6.0
Gold	5.0	3.5
Private real estate	12.0	5.4
Commodities	2.0	3.5
Total	<u>125.0%</u>	

Note: Assumptions are geometric.

*Levered 2.5x

OP&F's Board of Trustees has incorporated the risk parity concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return and creating a more risk-balanced portfolio based on the relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.25 times due to the application of leverage in certain fixed income asset classes.

Discount Rate The total pension liability was calculated using the discount rate of 7.50%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return 7.50%. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 14: Defined Benefit Pension Plans (Continued)

F. Actuarial Assumptions – OP&F (Continued)

Sensitivity of the City’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate
Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.50%, as well as what the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.50%), or one percentage point higher (8.50%) than the current rate.

	1% Decrease (6.50%)	Discount Rate (7.50%)	1% Increase (8.50%)
City’s Proportionate Share of the Net Pension Liability	\$ 28,967,922	\$ 21,869,606	\$ 15,966,666

Note 15: Postemployment Benefits

A. Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description – OPERS administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust. The 115 Health Care Trust (115 Trust or Health Care Trust) was established in 2014, under Section 115 of the Internal Revenue Code (IRC). The purpose of the 115 Trust is to fund health care for the traditional pension, combined and member-directed plans. The Ohio Revised Code (ORC) permits, but does not require, OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in chapter 145 of the ORC. Retirees in the traditional pension and combined plans may have an allowance deposited into a health reimbursement arrangement (HRA) account to be used toward the health care program of their choice and other eligible expenses. An OPERS vendor is available to assist with the selection of a health care program.

With one exception, OPERS-provided health care coverage is neither guaranteed nor statutorily required. Ohio law currently requires Medicare Part A equivalent coverage or Medicare Part A premium reimbursement for eligible retirees and their eligible dependents.

OPERS offers a health reimbursement arrangement (HRA) allowance to benefit recipients meeting certain age and service credit requirements. The HRA is an account funded by OPERS that provides tax free reimbursement for qualified medical expenses such as monthly post-tax insurance premiums, deductibles, co-insurance, and co-pays incurred by eligible benefit recipients and their dependents.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 15: Postemployment Benefits (Continued)

A. Plan Description – Ohio Public Employees Retirement System (OPERS) (Continued)

OPERS members enrolled in the traditional plan or combined plan retiring with an effective date of January 1, 2022, or after must meet the following health care eligibility requirements to receive an HRA allowance:

Age 65 or older Retirees Minimum of 20 years of qualifying service credit

Age 60 to 64 Retirees Based on the following age-and-service criteria:

Group A 30 years of total service with at least 20 years of qualified health care service credit;

Group B 31 years of total service credit with at least 20 years of qualified health care service credit; or

Group C 32 years of total service credit with at least 20 years of qualified health care service credit.

Age 59 or Younger Based on the following age-and-service criteria:

Group A 30 years of qualified health care service credit;

Group B 32 years of qualified health care service credit at any age or 31 years of qualified health care service credit and at least age 52; or

Group C 32 years of qualified health care service credit and at least age 55

Retirees who don't meet the requirement for coverage as a non-Medicare participant can become eligible for coverage at age 65 if they have at least 20 years of qualifying service.

Members with a retirement date prior to January 1, 2022, who were eligible to participate in the OPERS health care program will continue to be eligible after January 1, 2022.

Eligible retirees may receive a monthly HRA allowance for reimbursement of health care coverage premiums and other qualified medical expenses. Monthly allowances, based on years of service and the age at which the retiree first enrolled in OPERS coverage, are provided to eligible retirees, and are deposited into their HRA account.

The base allowance is determined by OPERS and is currently \$1,200 per month for non-Medicare retirees and \$350 per month for Medicare retirees. The retiree receives a percentage of the base allowance, calculated based on years of qualifying service credit and age when the retiree first enrolls in OPERS healthcare. Monthly allowances range between 51% and 90% of the base allowance for both non-Medicare and Medicare retirees.

Retirees will have access to the OPERS Connector, which is a relationship with a vendor selected by OPERS to assist retirees participating in the health care program. The OPERS Connector may assist retirees in selecting and enrolling in the appropriate health care plan.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 15: Postemployment Benefits (Continued)

A. Plan Description – Ohio Public Employees Retirement System (OPERS) (Continued)

When members become Medicare-eligible, recipients enrolled in OPERS health care programs must enroll in Medicare Part A (hospitalization) and Medicare Part B (medical).

OPERS reimburses retirees who are not eligible for premium-free Medicare Part A (hospitalization) for their Part A premiums as well as any applicable surcharges (late-enrollment fees). Retirees within this group must enroll in Medicare Part A and select medical coverage, and may select prescription coverage, through the OPERS Connector. OPERS also will reimburse 50% of the Medicare Part A premium and any applicable surcharges for eligible spouses. Proof of enrollment in Medicare Part A and confirmation that the retiree is not receiving reimbursement or payment from another source must be submitted. The premium reimbursement is added to the monthly pension benefit.

Participants in the Member-Directed Plan have access to the Connector and have a separate health care funding mechanism. A portion of employer contributions for these participants is allocated to a retiree medical account (RMA). Members who elect the Member-Directed Plan after July 1, 2015, will vest in the RMA over 15 years at a rate of 10% each year starting with the sixth year of participation. Members who elected the Member-Directed Plan prior to July 1, 2015, vest in the RMA over a five-year period at a rate of 20% per year. Upon separation or retirement, participants may use vested RMA funds for reimbursement of qualified medical expenses.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy – The Ohio Revised Code provides the statutory authority allowing public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2024, state and local employers contributed at a rate of 14% of earnable salary. This is the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. For 2024, the portion of the employer's contribution allocated to health care was 0% for the traditional plan, 2% for the combined plan, and 4% for members in the member-directed plan. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. In 2024, the City's contractually required contribution for postemployment health care benefits was \$16,920. Of this amount, \$1,915 is reported as intergovernmental payable at December 31, 2024.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 15: Postemployment Benefits (Continued)

B. Plan Description – Ohio Police & Fire Pension Fund (OP&F)

Plan Description – the City’s full-time police participate in the OP&F sponsored healthcare program, a cost-sharing, multiple-employer defined post-employment health care plan administered by a third-party provider. This program is not guaranteed and is subject to change at any time upon action of the Board of Trustees. On January 1, 2019, OP&F implemented a new model for health care. Under this new model, OP&F provides eligible retirees with a fixed stipend earmarked to pay for health care and Medicare Part B reimbursements.

OP&F contracted with a vendor who assists eligible retirees in choosing health care plans that are available where they live (both Medicare-eligible and pre-65 populations). A stipend funded by OP&F is available to these members through a Health Reimbursement Arrangement (HRA) program.

Regardless of a benefit recipient’s participation in the health care program, OP&F is required by law to pay eligible recipients of a service pension, disability benefit and spousal survivor benefit for their Medicare Part B insurance premium, up to the statutory maximum provided the benefit recipient is not eligible to receive reimbursement from any other source. Once OP&F receives the necessary documentation, a monthly reimbursement is included as part of the recipient’s next benefit payment. The stipend provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in Governmental Accounting Standards Board (GASB) Statement No. 75.

OP&F maintains funds for health care in two separate accounts: one account for health care benefits and one account for Medicare Part B reimbursements. A separate health care trust accrual account is maintained for health care benefits under IRS Code Section 115 trust. IRS Code Section 401(h) account is maintained for Medicare Part B reimbursements.

The Ohio Revised Code allows, but does not mandate, OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. The report may be obtained by visiting the OP&F website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy – The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F defined benefit pension plan. Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently 19.5% of covered payroll for police and 24.0% of covered payroll for fire. The Ohio Revised Code states that the employer contribution may not exceed 19.5% of covered payroll for police and 24.0% for fire employer units. Active members do not make contributions to the OPEB Plan.

The Board of Trustees is authorized to allocate a portion of the total employer contributions for retiree health care benefits. For 2024, the portion of employer contributions allocated to health care was 0.5% of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees’ primary responsibility to ensure that pension benefits are adequately funded.

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 15: Postemployment Benefits (Continued)

B. Plan Description – Ohio Police & Fire Pension Fund (OP&F) (Continued)

The City's contractually required contribution to OP&F was \$32,934 for 2024. Of this amount, \$3,862 is reported as intergovernmental payable at December 31, 2024.

C. OPEB Liability (Asset), OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB asset for OPERS as of December 31, 2024 was measured as of December 31, 2023. The total OPEB liability used to calculate the net OPEB asset was determined by an actuarial valuation as of December 31, 2022 and rolled forward to the measurement date of December 31, 2023, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. The City's proportion of the net OPEB asset was based on the City's share of contributions to the OPEB plan relative to the contributions of all participating entities.

OP&F's net OPEB liability was measured as of December 31, 2023, and was determined by rolling forward the total OPEB liability as of January 1, 2023, to December 31, 2023. The City's proportion of the net OPEB liability was based on the City's share of contributions to the retirement plan relative to the contributions of all participating entities. Following is information related to the proportionate share:

	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Proportion of the Net OPEB Liability/Asset Prior Measurement Date	0.061328%	0.238793%	
Proportion of the Net OPEB Liability/Asset Current Measurement Date	<u>0.063969%</u>	<u>0.226361%</u>	
Change in Proportionate Share	0.002641%	(0.012432%)	
Proportionate Share of the Net OPEB (Asset)	\$ (577,336)	\$ 0	\$ (577,336)
Proportionate Share of the Net OPEB Liability	\$ 0	\$ 1,652,731	\$ 1,652,731
(Reduction of) OPEB Expense	\$ (73,914)	\$ 50,717	\$ (23,197)

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 15: Postemployment Benefits (Continued)

C. OPEB Liability (Asset), OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

At December 31, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Deferred Outflows of Resources			
City Contributions Subsequent to the Measurement Date	\$ 16,920	\$ 32,934	\$ 49,854
Differences in Employer Contributions and Change in Proportionate Share	0	62,181	62,181
Difference Between Expected and Actual Experience	0	79,475	79,475
Net Difference Between Projected and Actual Earnings on OPEB Plan Investments	346,723	122,044	468,767
Change in Assumptions	<u>148,634</u>	<u>568,721</u>	<u>717,355</u>
Total Deferred Outflows of Resources	\$ <u>512,277</u>	\$ <u>865,355</u>	\$ <u>1,377,632</u>
	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Deferred Inflows of Resources			
Difference Between Expected and Actual Experience	\$ 82,170	\$ 303,724	\$ 385,894
Change in Assumptions	248,179	1,064,321	1,312,500
Differences in Employer Contributions and Change in Proportionate Share	<u>23,028</u>	<u>203,905</u>	<u>226,933</u>
Total Deferred Inflows of Resources	\$ <u>353,377</u>	\$ <u>1,571,950</u>	\$ <u>1,925,327</u>

The \$49,854 reported as deferred outflows of resources related to OPEB resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability for the year ended December 31, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Fiscal Year Ending December 31:			
2025	\$ (30,303)	\$ (44,496)	\$ (74,799)
2026	19,467	(98,843)	(79,376)
2027	269,893	(64,270)	205,623
2028	(117,077)	(160,319)	(277,396)
2029	0	(168,339)	(168,339)
2030-2032	<u>0</u>	<u>(203,262)</u>	<u>(203,262)</u>
	\$ <u>141,980</u>	\$ <u>(739,529)</u>	\$ <u>(597,549)</u>

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 15: Postemployment Benefits (Continued)

D. Actuarial Assumptions – OPERS

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of health care costs for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

	<u>Assumptions</u>
Valuation date	December 31, 2022
Rolled-forward measurement date	December 31, 2023
Experience study	5-year period ended December 31, 2020
Actuarial cost method	Individual entry age normal
Projected salary increases, including 2.75% wage inflation	2.75 to 10.75%
Investment rate of return	6.00%
Municipal bond rate	3.77%
Single discount rate of return	5.70%
Health care cost trend	Initial 5.50% to 3.50% ultimate in 2038

Pre-retirement mortality rates are based on 130% of the Pub-2010 General Employee Mortality Tables (males and females). Post-retirement mortality rates are based on 115% of the PubG-2010 Retiree Mortality Tables (males and females). Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females). For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the traditional pension plan, combined plan and member-directed plan eligible members. Within the Health Care portfolio, contributions into the plans are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made, and health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio was a gain of 14.0% for 2023.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 15: Postemployment Benefits (Continued)

D. Actuarial Assumptions – OPERS (Continued)

The allocation of investment assets within the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined pension plans. Health care is a discretionary benefit. The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. The table below displays the Board-approved asset allocation policy and the long-term expected real rates of return:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)</u>
Fixed income	37.00%	2.82%
Domestic equities	25.00	4.27
Real estate	5.00	4.68
International equities	25.00	5.16
Risk parity	3.00	4.38
Other investments	5.00	2.43
Total	<u>100.00%</u>	

Discount Rate A single discount rate of 5.70% was used to measure the total OPEB liability on the measurement date of December 31, 2023. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00% and a municipal bond rate of 3.77% for the measurement date of December 31, 2023. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through the year 2070. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2070, and the municipal bond rate was applied to all health care costs after that date.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 15: Postemployment Benefits (Continued)

D. Actuarial Assumptions – OPERS (Continued)

Sensitivity of the City’s Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following table presents the City’s proportionate share of the net OPEB liability calculated using the single discount rate of 5.70%, as well as what the City’s proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one-percentage-point lower (4.70%) or one-percentage-point higher (6.70%) than the current rate:

	<u>1% Decrease</u> <u>(4.22%)</u>	<u>Discount Rate</u> <u>(5.22%)</u>	<u>1% Increase</u> <u>(6.22%)</u>
City’s Proportionate Share of the Net OPEB Liability (Asset)	\$ 317,286	\$ (577,336)	\$ (1,318,401)

Sensitivity of the City’s Proportionate Share of the Net OPEB Liability to Changes in the Health Care

Cost Trend Rate Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability (asset). The following table presents the net OPEB liability (asset) calculated using the assumed trend rates, and the expected net OPEB liability (asset) if it were calculated using a health care cost trend rate that is 1.0% lower or 1.0% higher than the current rate.

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2024 is 5.50%. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-too-distant future, the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.50% in the most recent valuation.

	<u>1% Decrease</u>	<u>Cost Trend</u> <u>Rate</u>	<u>1% Increase</u>
City’s Proportionate Share of the Net OPEB (Asset)	\$ (601,309)	\$ (577,336)	\$ (550,133)

Assumption Changes Since the Prior Measurement Date Municipal bond rate decreased from 4.05% to 3.77%. The single discount rate increased from 5.22% to 5.70%. The health care cost trend rate changed from 5.50% initial, 3.50% ultimate in 2036 to 5.50% initial, 3.50% ultimate in 2038.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 15: Postemployment Benefits (Continued)

E. Actuarial Assumptions – OP&F

OP&F's total OPEB liability as of December 31, 2023, is based on the results of an actuarial valuation date of January 1, 2023, and rolled-forward using generally accepted actuarial procedures. The total OPEB liability is determined by OP&F's actuaries in accordance with GASB Statement No. 74, as part of their annual valuation. Actuarial valuations of an ongoing retirement plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements, and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, are presented below:

Actuarial cost method	Entry age normal
Investment rate of return	7.50%
Salary increases	3.75% – 10.50%
Payroll growth	3.25%
Blended discount rate	
Prior measurement date	4.27%
Current measurement date	4.07%
Cost of living adjustments	2.20% simple per year
Projected depletion year of OPEB assets	2038

Mortality for service retirees is based on the Pub-2010 Below-Median Safety Amount-Weighted Healthy Retiree mortality table with rates adjusted by 96.2% for males and 98.7% for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for disabled retirees is based on the Pub-2010 Safety Amount-Weighted Disabled Retiree mortality table with rates adjusted by 135% for males and 97.9% for females. All rates are projected using the MP-2021 Improvement Scale.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 15: Postemployment Benefits (Continued)

E. Actuarial Assumptions – OP&F (Continued)

Mortality for contingent annuitants is based on the Pub-2010 Below-Median Safety Amount Weighted Contingent Annuitant Retiree mortality table with rates adjusted by 108.9% for males and 131% for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for active members is based on the Pub-2010 Below-Median Safety Amount-Weighted Employee mortality table. All rates are projected using the MP-2021 Improvement Scale.

The most recent experience study was completed for the five-year period ended December 31, 2021.

The long-term expected rate of return on OPEB plan investments was determined using a building-block approach and assumes a time horizon, as defined in OP&F's Statement of Investment Policy. A forecasted rate of inflation serves as a baseline for the return expected. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes.

Best estimates of the long-term expected real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2023, are summarized below:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return</u>
Domestic equity	18.6%	4.1%
International equity	12.4	4.9
Private markets	10.0	7.3
Core fixed income*	25.0	2.4
High yield fixed income	7.0	4.1
Private credit	5.0	6.8
U.S. inflation linked bonds*	15.0	2.1
Midstream energy infrastructure	5.0	5.8
Real assets	8.0	6.0
Gold	5.0	3.5
Private real estate	12.0	5.4
Commodities	2.0	3.5
Total	<u>125.0%</u>	

Note: Assumptions are geometric.

*Levered 2x

OP&F's Board of Trustees has incorporated the risk parity concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return and creating a more risk-balanced portfolio based on the relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.25 times due to the application of leverage in certain fixed income asset classes.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 15: Postemployment Benefits (Continued)

E. Actuarial Assumptions – OP&F (Continued)

Discount Rate For 2023, the total OPEB liability was calculated using the discount rate of 4.07%. The projection of cash flows used to determine the discount rate assumed the contribution from employers and from members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return of 7.5%. Based on those assumptions, OP&F’s fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, the long-term assumed rate of return on investments of 7.50% was applied to periods before December 31, 2037, and the Municipal Bond Index Rate of 3.38% was applied to periods on and after December 31, 2037, resulting in a discount rate of 4.07%.

Sensitivity of the City’s Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate Net OPEB liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net OPEB liability calculated using the discount rate of 4.07%, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (3.07%), or one percentage point higher (5.07%) than the current rate.

	1% Decrease (3.07%)	Discount Rate (4.07%)	1% Increase (5.07%)
City’s Proportionate Share of the Net OPEB Liability	\$ 2,035,707	\$ 1,652,731	\$ 1,330,192

Sensitivity of the City’s Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate The total OPEB liability is based on a medical benefit that is a flat dollar amount; therefore, it is unaffected by a health care cost trend rate. An increase or decrease in the trend rate would have no effect on the total OPEB liability.

Note 16: Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements, the Ohio Revised Code, City ordinances and employment policy. Vacation leave is earned at rates which vary depending upon length of service and standard work week. Vacation accumulation is limited to ten weeks. Vacation leave not used within two years is eliminated from the employee’s leave balance. All accumulated unused vacation time is paid upon termination of employment.

Employees earn sick leave at the rate of 2.3 hours for every 40 hours worked, except for the fire division where employees earn 9.60 hours for every 168 hours worked. Sick leave accumulation is limited to 960 hours, except for the fire division where a maximum of 1,384 hours may be accumulated. City employees with five or more years of service are paid for their accumulated sick leave upon termination or retirement.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 17: Conduit Debt

West Shore Unitarian Universalist Church

In October 2005, the City issued \$1,350,000 Economic Development Revenue Bonds, Series 2005 (Bonds) pursuant to a Loan Agreement dated October 3, 2005 between the City and the West Shore Unitarian Universalist Church (the "Borrower"). The Bonds were issued for the purpose of making a loan to the Borrower, an Ohio nonprofit corporation to acquire, construct, renovate, furnish, and equip an approximately 12,000 square foot area of the Borrower's facility at 20401 Hilliard Boulevard, Rocky River, which will be used by the Borrower, acting as the "West Shore Child Care Center" in its operation of day care and pre-school facilities. The properties financed are pledged as collateral, and the bonds are payable solely from payments received from the private-sector entities on the underlying loan. In addition, no commitments beyond the collateral, the payments from the private-sector entities, and maintenance of the tax-exempt status of the conduit debt obligation were extended by the City for any of those bonds.

The Bond Service Charges payable from revenue assigned to secure such payment are not payable from other funds of the City whether raised by taxation or otherwise received. Accordingly, the Bonds are not reported as a liability of the City in the accompanying financial statements. The Bonds are payable in 240 monthly payments from November 1, 2005 through October 1, 2025 inclusive.

<u>Description</u>	<u>Original Issue</u>	<u>Interest Rate</u>	<u>Outstanding 12/31/24</u>	<u>Date of Maturity</u>
Economic Development Revenue Bonds, Series 2005	\$ 1,350,000	2.51%	\$ 23,518	October 1, 2025

The loan agreement provides for interest rate adjustments at five-year increments. The rate shown became effective October 1, 2020 and is effective until the loan matures on October 1, 2025.

*- Long-term obligation is a direct borrowings

^net compensated absences

The General Obligation Bonds will be paid from property taxes and money transferred to the Debt Service Fund.

The special assessment bonds will be paid from the proceeds of special assessments levied against benefited property owners. In the event that property owners fail to make their special assessment payments, the City is responsible for providing the resources to meet the annual principal and interest payments.

Net pension and OPEB liabilities will generally be paid from the General Fund, the Recreation Center, Office on Aging, Refuse and Recycling, Fire Levy, Police Levy, Motor Vehicle License Tax, and Street Construction and Repair Special Revenue Funds, Wastewater Treatment Plant and the Sanitary Sewer Enterprise Funds.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 18: Long-Term Obligations (Continued)

During 2009, the City obtained an OPWC interest-free loan for the Valley View Storm and Sanitary Sewer Improvements to be repaid in semi-annual principal payments of \$42,362 for 30 years beginning January 1, 2015. Also during 2009, the City obtained an OPWC interest-free loan for the Hampton Road Storm and Sanitary Sewer Improvements to be repaid in semi-annual principal payments of \$54,474 for 30 years beginning July 1, 2015.

During 2010, the City obtained an OPWC interest-free loan for the Frazier Drive Storm and Sanitary Sewer Improvements. This loan is to be repaid in semi-annual principal payments of \$48,197 for 30 years beginning July 1, 2016.

During 2016, the City obtained an OPWC interest-free loan for the Avalon Drive Sewer Improvements. This loan is to be repaid in semi-annual principal payments of \$69,946 for 30 years beginning July 1, 2018.

During 2016, the City obtained an OPWC interest-free loan for the Hampton Road and Lakeview Avenue Sewer Improvements. This loan is to be repaid in semi-annual principal payments of \$73,975 for 30 years beginning July 1, 2021. The loan is split between the governmental activities and the business-type activities.

In September 2007, the OPWC finalized an interest-free loan to the City for the Trickling Filter Recycle Pump Replacement project totaling \$274,272. The loan will be repaid in semi-annual installments of \$6,857 over 21 years, ending in 2028.

In January 2009, the OPWC finalized an interest-free loan to the City for the plant improvements project totaling \$2,315,681. The loan will be repaid in semi-annual installments of \$57,892 beginning in 2009 over 20 years, ending in 2029.

In May 2010, the OPWC finalized an interest-free loan for the WWTP Improvements 2008 – 2009 projects totaling \$368,524. The loan will be repaid in semi-annual installments of \$9,213 beginning in 2011 over 20 years, ending in 2031.

In November 2016, the OPWC finalized an interest-free loan for the WWTP Improvements 2013 – 2016 projects totaling \$700,634. The loan will be repaid in semi-annual installments of \$17,516 beginning in the second half of 2017 over 20 years, ending in 2037.

In 2018, the OPWC finalized an interest-free loan for the WWTP Improvements 2014 – 2017 projects totaling \$795,641. The loan will be repaid in semi-annual installments of \$15,913 beginning in 2019 over 26 years, ending in 2044.

In 2022, the OPWC finalized an interest-free loan for the WWTP Improvements 2017 – 2020 projects totaling \$1,080,619. The loan will be repaid in semi-annual installments of \$18,010 beginning in 2023 over 30 years, ending in 2053.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 18: Long-Term Obligations (Continued)

In 2024, the OPWC finalized an interest-free loan for the 2020 Rocky River Sewer Improvements project totaling \$2,970,014. The loan will be repaid in semi-annual installments of \$49,500 beginning in 2025 over 30 years, ending in 2054.

In 2024, the OPWC finalized an interest-free loan for the Spencer Road Sewer and Pavement Improvements project totaling \$427,212. The loan will be repaid in semi-annual installments of \$10,680 beginning in 2024 over 20 years, ending in 2044.

The City's outstanding OPWC loans from direct borrowings contain provisions that in the event of default (1) OPWC may apply late fees of 8% per year, (2) loans more than 60 days late will be turned over to the Attorney General's office for collection, and as provided by law, OPWC may require that such payment be taken from the City's share of the county undivided local government fund, and (3) the outstanding amounts shall, at OPWC's option, become immediately due and payable.

In July 2001, the OWDA finalized a loan to the City for plant expansion totaling \$11,582,103. The initial loan was for 25 years at 5.5% interest. In 2016, OWDA provided the City with an interest buy-down, which reduces the interest rate by 1.50%. This also adjusted the semi-annual installments to an amount to retire the principal over 24 years plus the adjusted interest amount.

The City has entered into contractual agreements for a construction loan from the Ohio Water Development Authority (OWDA) under the project name WWTP CEPT & Final Clarified Improvements. Under the terms of the agreement, the OWDA will reimburse, advance, or directly pay the construction costs of the approved project in the amount of \$29,088,891. The OWDA will also capitalize interest throughout the project period and add it to the total amount of the final loan. During 2024, the City drew \$17,199,889 against the loan, including capitalized interest, resulting in a balance of \$23,326,856 as of December 31, 2024. As a result of the loan still being in progress, the debt maturity schedule below does not reflect any amount for principal. When the loan is finalized, the principal will be included below.

The City's overall legal debt margin was \$129,563,393 at December 31, 2024. Principal and interest requirements to retire long-term obligations outstanding at December 31, 2024, are shown on the next page:

Note 19: Lease

The City entered into a contract for the use of police equipment. The lease required an annual payment. The contract met the definition of a lease under GASB Statement No. 87. The lease matured in 2024.

Note 20: Jointly Governed Organizations

A. West Shore Council of Governments

The West Shore Council of Governments (the “West Shore Council”) was organized pursuant to the Ohio Revised Code Section 167.01 by the Ohio cities of Rocky River, Bay Village, Fairview Park, Lakewood, North Olmsted, and Westlake. The West Shore Council was formed to foster cooperation between members in the areas of public health, welfare, police protection, fire protection, and regional development.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 20: Jointly Governed Organizations (Continued)

A. West Shore Council of Governments (Continued)

The West Shore Council oversees both the West Shore Hazardous Materials Committee which provides hazardous material handling training, protection, and assistance and the West Shore Enforcement Bureau which provides SWAT Team training, protection, and assistance.

The West Shore Council is governed by a board comprised of one member from each member city. The board exercises control over the operation of the West Shore Council including budgeting, appropriating, contracting, and administration. The West Shore Council board adopts an annual budget governing its activities for that year. Each city's degree of control is limited to its representation on the board. In 2024, the City contributed \$110,828 to the West Shore Council.

Financial information for the West Shore Council may be obtained from the Fiscal Officer, West Shore Council of Governments, in care of City of Lakewood 12650 Detroit Avenue Lakewood, Ohio 44107.

B. Tri-City Park Council of Governments

The Tri-City Park Council of Governments (the "Tri-City Park") was organized pursuant to the Ohio Revised Code Section 167.01 by the Ohio cities of Rocky River, Fairview Park, and Westlake. Tri-City Park was formed to operate a public park to which residents of all member cities have access and which is bordered by all member cities. Tri-City Park is governed by a board comprised of one member from each member city. The board exercises control over the operation of Tri-City Park including budgeting, appropriating, contracting, and administration. The Tri-City Park board adopts an annual budget governing its activities for that year. Each City's degree of control is limited to its representation on the board. In 2024, the City made contributions of \$36,000 to the Tri-City Park.

Financial information for Tri-City Park may be obtained from the Director of Finance, City of Rocky River, 21012 Hilliard Boulevard, Rocky River, Ohio 44116, who serves as fiscal agent.

C. S.A.F.E. Council of Governments

The Safe Air for the Environment Council of Governments (the "S.A.F.E. Council") was organized pursuant to the Ohio Revised Code Section 167.01 by the Ohio cities of Rocky River, Bay Village, Fairview Park, and Westlake. The S.A.F.E. Council was formed to oppose and to monitor changes to air traffic patterns of flights from nearby Cleveland Hopkins International Airport.

The S.A.F.E. Council is governed by a board comprised of one member from each member city. The board exercises control over the operation of the S.A.F.E. Council including budgeting, appropriating, contracting, and administration. The S.A.F.E. Council board adopts an annual budget governing its activities for that year. Each city's degree of control is limited to its representation on the board. In 2024, the City made no contributions to the S.A.F.E. Council.

Financial information for the S.A.F.E. Council may be obtained from the Director of Finance, City of Rocky River, 21012 Hilliard Boulevard, Rocky River, Ohio 44116, who serves as fiscal agent.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 20: Jointly Governed Organizations (Continued)

D. Suburban Water Regional Council of Governments

The Suburban Water Regional Council of Governments (the “Water Council”) was organized in 2003 pursuant to the Ohio Revised Code Section 167.01 by the political subdivisions to which the City of Cleveland, Ohio sells water, either by direct service to residents or on a bulk basis. The Water Council was formed to represent such political subdivisions in communications, understandings, uniform approaches, and exchange of information between the members of the Water Council and the City of Cleveland, Ohio.

The Water Council is governed by a Board of Trustees elected from each of nine member groups defined in the organizing agreement. The Mayor represents the City and is eligible to be elected to the Board of Trustees of the Water Council. The City made no contributions to the Water Council in 2024. The organizing agreement provides for the assessment of dues to members; however, no dues have been assessed since the inception of the Water Council.

The fiscal information of the Water Council may be obtained through the office of the Executive Secretary of the Cuyahoga County Mayors and Managers Association located at 10107 Brecksville Road, Brecksville, Ohio 44141, who serves as the fiscal agent.

E. Regional Council of Governments

The Regional Council of Governments (the “Regional Council”) was organized in 1971 pursuant to Ohio Revised Code Section 167.01 by 38 municipalities. At that time, the Regional Council formed the Regional Income Tax Agency (RITA) whose purpose is to administer municipal income tax collection and enforcement for member communities. The City joined the Regional Council to obtain the services of RITA effective January 1, 2016.

The Regional Council is governed by officers elected to annual terms by designated delegates of its member communities. In addition, RITA is governed by a Board of Trustees elected to staggered and varied terms by designated delegates of the Regional Council. The Director of Finance is the City’s appointed delegate to the Regional Council. During 2024, the City contributed \$244,348 to the Regional Council for RITA services. Financial information for the Regional Council may be obtained from the Executive Director of RITA at 10107 Brecksville Road, Brecksville, Ohio 44141 or www.ritaohio.com.

F. Northeast Ohio Public Energy Council

The City is a member of the Northeast Ohio Public Energy Council (NOPEC). Organized in 2000 pursuant to Ohio Revised Code Section 167.01, NOPEC was formed to serve as a vehicle for member communities to proceed jointly with aggregation programs for the purchase of electricity and natural gas on behalf of member communities residents. NOPEC has approximately 240 member communities (including municipal corporations, townships, and counties, all of which are political subdivisions of the State of Ohio).

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 20: Jointly Governed Organizations (Continued)

F. Northeast Ohio Public Energy Council (Continued)

NOPEC is governed by a General Assembly, made up of one representative from each member community. The representatives from each county elect persons to serve on the 13 member NOPEC Board of Directors. The Board oversees and manages both NOPEC and the operation of the aggregation program. The degree of control exercised by any participating government is limited to its representation in the General Assembly and on the Board. During 2024, the City made no contributions to NOPEC.

Financial information can be obtained by contacting NOPEC, 31360 Solon Road, Suite 33, Solon, Ohio 44139.

Note 21: Contingent Liabilities

Grants

The City has received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the City at December 31, 2024.

Litigation

During the normal course of business, the City is subject to occasional legal proceedings, claims, and contract disputes. In the opinion of management, the eventual outcome of any current proceedings and claims against the City will not materially affect its financial condition or operations.

Note 22: Interfund Activity

A. Transfers

The transfers among City funds were made to provide additional resources for current operations and for the payment of debt. The General Fund made the following transfers during the year ended December 31, 2024:

Transfer to	
Capital Improvement	\$ 3,900,000
Non-Major Governmental Funds	5,065,000
Sanitary Sewer	<u>1,850,000</u>
Total Transfers	\$ <u>10,815,000</u>

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 22: Interfund Activity (Continued)

A. Transfers (Continued)

In addition to the transfers noted above, the City had a net transfer of \$3,036,846 from business-type activities to governmental activities related to construction in progress, infrastructure, equipment, and vehicles. See Note 10 for additional information.

B. Interfund Balances

As of December 31, 2024, interfund balances were as follows:

	<u>Receivable</u> <u>Interfund</u>	<u>Payable</u> <u>Interfund</u>
Governmental Activities:		
General Fund	\$ 6,700	\$ 0
Wastewater Treatment Plant Fund	<u>0</u>	<u>6,700</u>
Total	\$ <u>6,700</u>	\$ <u>6,700</u>

Interfund balances are expected to be repaid within one year. During 2024, the Wastewater Treatment Plant Enterprise Fund did not make a payment to the General Fund for use of City resources. This payment is expected to be made in 2025.

Note 23: Accountability and Compliance

B. Compliance

The following funds had expenditures plus encumbrances in excess of appropriations, contrary to Ohio Revised Code Section 5705.41.

<u>Fund</u>	<u>Appropriations</u> <u>Plus Prior Year</u> <u>Encumbrances</u>	<u>Expenditures</u> <u>Plus</u> <u>Encumbrances</u>	<u>Excess</u>

Total	<u>\$ 18,190,887</u>	<u>\$ 10,405,600</u>	<u>\$ 7,785,287</u>

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 24: Significant Commitments (Continued)

B. Encumbrances

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control.

At year-end, the amount of encumbrances expected to be honored upon performance by the vendor in the next year were as follows:

General Fund	\$ 352,708
Capital Improvement Fund	4,053,784
Other Governmental Funds	<u>2,505,560</u>
Total Governmental	\$ <u>6,912,052</u>

Note 25: Related Organization

The Rocky River Community Improvement Corporation (CIC) was organized pursuant to the Ohio Revised Code Chapter 1724 in October 2002. The CIC was formed to advance, encourage and promote development of the City by acting as the designated agency of the City for such purposes in accordance with the Ohio Revised Code Section 1724.10.

The CIC is a body politic, separate from the City, which may act as an individual entity to carry out the powers conferred upon it by the general laws of the State of Ohio. The corporate code of regulations provides for a Board of Directors comprised of the Mayor; the members of City Council and the Directors of Community and Economic Development and Finance of the City. The Director of Finance serves as CIC Treasurer and the Clerk of Council serves as CIC secretary. The CIC has neither applied nor qualified for a tax-exemption pursuant to any section of the Internal Revenue Code.

At December 31, 2024, the CIC has no assets or liabilities. The CIC has had no financial activity since 2005.

Note 26: Municipal Utility Districts

In 2008, the City entered into a 30-year agreement with 13 other cities in Cuyahoga and Lorain Counties to create and provide for the operation of a Municipal Utility District (District) for the purpose of facilitating new or expanded growth for commercial or economic development. The District is known as the Nagel-Interstate 90 Municipal Utility District and consists of about 791 acres in the City of Avon, Lorain County, Ohio.

The agreement provides that for any business relocating to the District from the City, the City of Avon will 1) limit real estate tax abatements; 2) not provide any income tax abatements; and 3) with certain limitations, share income taxes. The agreement does not provide for a financial contribution by the City.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 26: Municipal Utility Districts (Continued)

In 2012, the City entered into a 20-year agreement with the City of Cleveland to create a Municipal Utility District (District) to facilitate new or expanded growth for commercial or economic development for the residents of each city and the State of Ohio. The District is known as the Cleveland – Rocky River Municipal Utility District, the territorial boundaries of which are the combined total area of the two cities.

The agreement provides that for any business relocating to the District from the City of Cleveland and the City will 1) limit new industrial or commercial real estate tax abatement; 2) not provide any income tax abatement; and 3) with certain limitations, share income taxes. The agreement does not provide for a financial contribution by the City.

Note 27: Solid Waste Transfer Station

The City operates a solid waste transfer station at 22401 Lake Road. The transfer station has been in operation since 1995 and is used by residents and businesses to dispose of solid waste which is then transported to a commercial landfill outside the City.

In accordance Ohio Environmental Protection Agency regulations promulgated in the Ohio Administrative Code, the City annually provides the required financial assurance through the local government financial test for final closure of the transfer station. Since the initiation of said regulations, the City completed the local government financial test and met the required financial assurances.

As of December 31, 2024, management's estimate of the final closure cost of the transfer station is \$13,056, the most current information available.

When using the local government financial test mechanism, the Ohio Environmental Protection Agency does not require a liability to be recognized provided the City meets the requirements of the financial test. Further, the City has no plans to close or move the facility. Therefore, no liability is recognized (actual or contingent) in the accompanying financial statements, for the cost to perform and complete transfer station closure activities.

Note 28: Asset Retirement Obligations

Ohio Administrative Code Section 1301-7-9 requires a City classified as an "owner" or "operator," to remove from the ground any underground storage tank (UST) that is not in use for a year or more. A permit must first be obtained for that year it is not being used. Once the UST is removed, the soil in the UST cavity and excavated material must be tested for contamination. This asset retirement obligation (ARO) of \$88,343 associated with the City's underground storage tanks was estimated by the City engineer. The remaining useful lives of the USTs is 0 years. The City maintains insurance coverage to address its exposure to the risks related to the operation of the underground storage tanks which protects the City according to the terms and definitions of the policy.

City of Rocky River, Ohio

Notes to Basic Financial Statements (Continued)

For the Year Ended December 31, 2024

Note 28: Asset Retirement Obligations (Continued)

Ohio Revised Code Section 6111.44 requires the City to submit any changes to their sewer system to the Ohio Environmental Protection Agency (the “Ohio EPA”) for approval. Any changes to the sewer system would be approved through a permit for a new plan that would take the place of the retired asset and would include a plan for the proper abandonment of the current sanitary sewer pump stations. Through this review process, the City would be responsible to address any public safety issues associated with their sanitary sewer pump stations. At this time, the City is unable to reasonably estimate the liability to abandon the current sanitary sewer pump stations without the required permit from the Ohio EPA.

Note 29: Subsequent Event

On February 27, 2025, the City issued \$4,600,000 in senior center bonds, for the purposes of improving the Senior Center. The final maturity is December 1, 2045, and the bonds carry interest rates of 4.125% - 5.000%.

Mortality rates – For amounts reported beginning in 2022, the measurement uses pre-retirement mortality rates based on 130% of the Pub-2010 General Employee Mortality tables (males and females). Post-retirement mortality rates are based on 115% of the PubG-2010 Retiree Mortality Tables (males and females). Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females). For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

City of Rocky River, Ohio

Notes to Required Supplementary Information (Continued)

For the Year Ended December 31, 2024

Note 1: Net Pension Liability/Asset (Continued)

Changes in Assumptions – OPERS (Continued)

Amounts reported beginning in 2017 use mortality rates based on the RP-2014 Healthy Annuitant Mortality Table. For males, Healthy Annuitant Mortality tables were used, adjusted for mortality improvement back to the observation period base of 2006 and then established the base year as 2015. For females, Healthy Annuitant Mortality tables were used, adjusted for mortality improvements back to the observation period base year of 2006 and then established the base year as 2010. The mortality rates used in evaluating disability allowances were based on the RP-2014 Disabled Mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and then established the base year as 2015 for males and 2010 for females. Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables.

Amounts reported for 2016 and prior use mortality rates based on the RP-2000 Mortality Table projected 20 years using Projection Scale AA. For males, 105% of the combined healthy male mortality rates were used. For females, 100% of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality table with no projections. For males 120% of the disabled female mortality rates were used set forward two years. For females, 100% of the disabled female mortality rates were used.

Changes in Assumptions – OP&F

Amounts reported for 2024 incorporate changes in assumptions used by OP&F in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used from 2023 and prior are presented below:

	2022 to 2024	
Actuarial Cost Method	Entry Age Normal	
Investment Rate of Return	7.50%	
Projected Salary Increases	3.75% to 10.50%	
Payroll Growth	Inflation rate of 2.75% plus productivity increase rate of 0.50%	
Cost of Living Adjustments	3.00% simple; 2.20% simple for increases based on the lesser of the increase in CPI and 3%	
	2018 to 2021	2017 and Prior
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Investment Rate of Return	8.00%	8.25%
Projected Salary Increases	3.75% to 10.50%	4.25% to 11.00%
Payroll Growth	Inflation rate of 2.75% plus productivity increase rate of 0.50%	Inflation rate of 3.25% plus productivity increase rate of 0.50%
Cost of Living Adjustments	3.00% simple; 2.20% simple for increases based on the lesser of the increase in CPI and 3%	3.00% simple; 2.60% simple for increases based on the lesser of the increase in CPI and 3%

City of Rocky River, Ohio

Notes to Required Supplementary Information (Continued)

For the Year Ended December 31, 2024

Note 1: Net Pension Liability/Asset (Continued)

Changes in Assumptions – OP&F (Continued)

Beginning in 2022, mortality for service retirees is based on the Pub-2010 Below-Median Safety Amount-Weighted Healthy Retiree mortality table with rates adjusted by 96.2% for males and 98.7% for females. All rates are projected using the MP-2021 Improvement Scale.

Beginning in 2022, mortality for disabled retirees is based on the Pub-2010 Safety Amount-Weighted Disabled Retiree mortality table with rates adjusted by 135.0% for males and 97.9% for females. All rates are projected using the MP-2021 Improvement Scale.

Beginning in 2022, mortality for contingent annuitants is based on the Pub-2010 Below-Median Safety Amount-Weighted Contingent Annuitant Retiree mortality table with rates adjusted by 108.9% for males and 131.0% for females. All rates are projected using the MP-2021 Improvement Scale.

Beginning in 2022, mortality for active members is based on the Pub-2010 Below-Median Safety Amount-Weighted Employee mortality table. All rates are projected using the MP-2021 Improvement Scale.

For 2018-2021 actuarial valuation, mortality for non-disabled participants is based on the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Conduent Modified 2016 Improvement Scale. Rates for surviving beneficiaries are adjusted by 120%.

Age	Police	Fire
67 or less	77%	68%
68-77	105%	87%
79 and up	115%	120%

For 2018-2021 actuarial valuation, mortality for disabled retirees is based on the RP-2014 Disabled Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Conduent Modified 2016 Improvement Scale.

Age	Police	Fire
59 or less	35%	35%
60-69	60%	45%
70-79	75%	70%
80 and up	100%	90%

Actuarial valuation amounts reported for 2017 and prior rates of death were based on the RP2000 Combined Table, age-adjusted as follows. For active members, set back six years. For disability retirements, set forward five years for police and three years for firefighters. For service retirements, set back zero years for police and two years for firefighters. For beneficiaries, set back zero years. The rates are applied on a fully generational basis, with a base year of 2009, using mortality improvement Scale AA.

City of Rocky River, Ohio

Notes to Required Supplementary Information (Continued)

For the Year Ended December 31, 2024

Note 2: Net OPEB Liability/Asset

Changes in Assumptions – OPERS

For fiscal year 2024, the municipal bond rate decreased from 4.05% to 3.77%. The single discount rate increased from 5.22% to 5.70%. The health care cost trend rate changed from 5.50% initial, 3.50% ultimate in 2036 to 5.50% initial, 3.50% ultimate in 2038.

For fiscal year 2023, the municipal bond rate increased from 1.84% to 4.05%. The single discount rate decreased from 6.00% to 5.22%. The health care cost trend rate changed from 5.5% initial, 3.5% ultimate in 2034 to 5.5% initial, 3.5% ultimate in 2036.

For fiscal year 2022, the municipal bond rate decreased from 2.00% to 1.84% and wage inflation decreased from 3.25% to 2.75%. The single discount rate remained 6.00%. The health care cost trend rate decreased from 8.5% initial, 3.5% ultimate in 2035 to 5.5% initial, 3.5% ultimate in 2034.

For fiscal year 2021, the municipal bond rate decreased from 2.75% to 2.00% and the single discount rate increased from 3.16% to 6.00%. The health care cost trend rate decreased from 10.50% initial, 3.50% ultimate in 2030 to 8.50% initial, 3.50% ultimate in 2035.

For fiscal year 2020, the municipal bond rate decreased from 3.71% to 2.75% and the single discount rate decreased from 3.96% to 3.16%. The health care cost trend rate also increased from 10.00% initial, 3.25% ultimate in 2029 to 10.50% initial, 3.50% ultimate in 2030.

For fiscal year 2019, the OPERS Board voted to lower the investment return assumption for its health care investment portfolio from 6.5% to 6.0%. Municipal bond rate increased from 3.31% to 3.71% and the single discount rate increased from 3.85% to 3.96%. The health care cost trend rate also increased from 7.50% initial, 3.25% unlimited in 2028 to 10.00% initial, 3.25% ultimate in 2029.

Changes in Assumptions – OP&F

For 2024, the single discount rate changed from 4.27% to 4.07%.

For 2023 the investment return assumption was lowered from 8.00% to 7.50%. The DROP interest crediting rate was lowered from 4.00% to 3.75%. The mortality assumption, withdrawal rates, retirement rates, and disability rates were changed. The DROP participation rate was lowered from 90% to 80%. The percent married assumption was changed from assuming 75% of members are married to 80%. The percentage of members assumed to elect a joint annuity was changed from 33% to 40% for service retirees and from 10% to 15% for disabled retirees. The percentage continued to the joint annuitant assumption was changed from 40% to 45%. The single discount rate changed from 2.84% to 4.27%.

For 2022, the single discount rate changed from 2.96% to 2.84%.

For 2021, the single discount rate changed from 3.56% to 2.96%.

For 2020, the single discount rate changed from 4.66% to 3.56%.

For 2019, the single discount rate changed from 3.24% to 4.66%.

City of Rocky River, Ohio

Notes to Required Supplementary Information (Continued)

For the Year Ended December 31, 2024

Note 2: Net OPEB Liability/Asset (Continued)

Changes in Assumptions – OP&F

For 2018, the single discount rate changed from 3.79% to 3.24%.

Changes in Benefit Terms – OP&F (Continued)

Beginning January 1, 2019, OP&F changed its retiree health care model, and the self-insured health care plan was no longer offered. In its place is a stipend-based health care model. OP&F has contracted with a vendor who assists eligible retirees in choosing health care plans from their marketplace (both Medicare-eligible and pre-Medicare populations). A stipend funded by OP&F is placed in individual Health Reimbursement Accounts that retirees can use to be reimbursed for health care expenses.

As a result of changing from the health care model to the stipend-based health care model, management expects that it will be able to provide stipends to eligible participants for the next 15 years. Beginning in 2020, the Board approved a change to the Deferred Retirement Option Plan. The minimum interest rate accruing will be 2.5%.

City of Rocky River, Ohio

Combining Statements Non-Major Governmental Funds Fund Descriptions

Non-major Special Revenue Funds

Special revenue funds are used to account for proceeds of specific revenue sources (other than amounts relating to major capital projects) that are legally restricted to expenditures for specific purposes.

Law Enforcement Trust Fund – Required by the Ohio Revised Code to account for monies received from various law enforcement agencies designated for law enforcement related purposes.

Community Diversion Program Fund – To account for monies received from Cuyahoga County to be used to help divert youth who are first time offenders of misdemeanor offenses from formal court action and to establish or expand community policing programs.

Indigent Driver Alcohol Treatment Fund – Required by the Ohio Revised Code to account for 50 percent of fines received by the City for convictions related to persons whose driver's license was suspended for driving under the influence of alcohol.

Enforcement and Education Fund – To account for fines imposed under Section 4511.99(A) of the Ohio Revised Code. These monies are used to pay costs incurred in enforcing Section 4511.99 of the Ohio Revised Code, and to educate the public about laws governing the operation of a motor vehicle under the influence of alcohol and the danger thereof.

Municipal Probation Services Fund – To account for specific court costs used to maintain ongoing probation services.

Federal Emergency Management Agency (FEMA) Fund – To account for federal monies received to pay for expenses incurred during emergencies. This fund did not have any budgetary activity in 2024, therefore, budgetary information is not provided.

Office on Aging Fund – To account for levied property tax revenues, charges for services, and General Fund subsidies used for the operation of the Senior Center.

OneOhio Opioid Settlement Fund – This fund is used to account for the receipt of revenues received from the State of Ohio's OneOhio Opioid Settlement.

Local Fiscal Recovery Fund – This fund is used to account for American Rescue Plan Act of 2021 funds received by the City to cover costs that are necessary expenditures incurred due to the public health emergency with respect to COVID-19. This fund did not have any budgetary activity in 2024, therefore, budgetary information is not provided.

Recreation Center Fund – To account for membership fees, program fees, General Fund subsidies and levied property tax revenue used for the operation and maintenance of the City's recreation activities.

Marine Patrol Fund – To account for monies received from the state and General Fund subsidies used for the operation of the City's police boat.

City of Rocky River, Ohio

Combining Statements Non-Major Governmental Funds (Continued) Fund Descriptions

Non-major Special Revenue Funds (Continued)

Refuse and Recycling Fund – To account for levied property tax revenue and General Fund subsidies used for the recycling program, as well as the collection and hauling of rubbish.

Motor Vehicle License Tax Fund – Required by the Ohio Revised Code to account for monies received from Cuyahoga County for the maintenance of public roads, highways, streets, and bridges within the City.

Street Repair and Maintenance Fund – Required by the Ohio Revised Code to account for state gasoline tax and motor vehicle registration fees designated for maintenance of streets within the City.

State Highway Fund – Required by the Ohio Revised Code to account for state gasoline tax and motor vehicle registration fees designated for the maintenance of state highways within the City.

Indigent Driver Alcohol Monitoring (IDAM) Fund – To account for mandatory minimum fine amounts established pursuant to Ohio Revised Code Section 4511.19(G)(5)(e) for operating a vehicle under the influence of alcohol or drugs.

Fire Levy Fund – This fund accounts for a voted real estate tax operating levy which pays for the current and accrued past service liability for fire disability and pension benefits.

Police Levy Fund – This fund accounts for a voted real estate tax operating levy which pays for the current and accrued past service liability for police disability and pension benefits.

Refundable Deposits Fund – This fund accounts for contractor deposits that will be refundable.

Building Standards Fee Fund – This fund accounts for the collection of the Building Standards Fee from each building permit issued. The amount collected is then paid to the State of Ohio, Board of Building Standards.

Donations and Bequests Fund – This fund accounts for donations and bequests for various City departments.

Budget Stabilization Fund – This fund accounts for resources set-aside to stabilize budgets against cyclical changes in revenues and expenditures. This fund is combined with the General Fund on the governmental fund financial statements but remains a separate fund in the budgetary schedules because it has a legally adopted budget.

City of Rocky River, Ohio

Combining Statements

Non-Major Governmental Funds (Continued)

Fund Descriptions

Non-major Debt Service Funds

Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term and special assessment principal, interest, and related costs.

General Obligation Bond Retirement Fund – To account for proceeds and payment of general obligation bonds and related interest.

Special Assessment Bond Retirement Fund – To account for the collection of special assessments levied against the benefited properties for the payment of special assessment bonds and related interest.

Non-major Capital Projects Fund

Capital projects funds are established to account for financial resources to be used for the construction or acquisition of major capital facilities (other than those financed by proprietary funds).

Equipment Replacement Fund – To account for liquor permit revenues, municipal income taxes and transfers to provide for the future replacement of equipment.

Municipal Court Capital Improvement Fund – To account for specific court costs created to maintain operating and capital needs of the Municipal Court.

(a) Balances as of December 31, 2017 were restated for implementation of GASB Statement No. 75.

(b) Balances as of December 31, 2019 were restated for implementation of GASB Statement No. 83.

(c) Balances as of December 31, 2020 include the impact of implementing GASB Statement No. 84 and reclassifying certain funds from Agency Funds to Special Revenue Funds.

(d) Balances as of December 31, 2021 were restated as the City included the Wastewater Treatment Plant Fund as a part of the business-type activities.

(e) Balances as of December 31, 2022 were restated as the City adjusted the Wastewater Treatment Plant Fund to show the City's undivided interest.

(a) Balances as of December 31, 2017 were restated for implementation of GASB Statement No. 75.

(b) During 2019 the City implemented a new accounting system. As a result, balances as of December 31, 2018 were reclassified in order to be comparative and provide an understanding of the changes in financial position and operations.

(c) Activity in 2020 includes the impact of implementing GASB Statement No. 84 and reclassifying certain funds from Agency Funds to Special Revenue Funds.

(d) Activity in 2021 includes the activity of the Wastewater Treatment Plant Fund as it was determined it should be reported as part of the City's business-type activities during 2022.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

City of Rocky River
Cuyahoga County
21012 Hilliard Boulevard
Rocky River, Ohio 44116

To the Members of City Council:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Rocky River, Cuyahoga County, Ohio, (the City) as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated August 28, 2025, wherein we noted the City adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences*.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

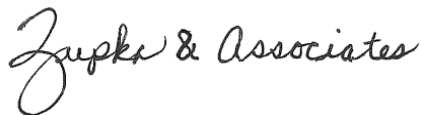

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in cursive script that reads "Zupka & Associates".
